SUPPLEMENT TO PART I

OF

THE FORT ST. GEORGE GAZETTE.

No. 40.] MADRAS, TUESDAY EVENING, OCTOBER 5, 1909. [PRICE, 4 annas.

PUBLIC WORKS DEPARTMENT.

NOTIFICATION.

Ootacamund, September 28, 1909.

The following notification of the Government of India is republished:—

DEPARTMENT OF COMMERCE AND INDUSTRY.

TELEGRAPHS

Simla, the 10th September 1909.

No. 5976–187.—In exercise of the powers conferred by section 7 of the Indian Telegraph Act, 1885 (XIII of 1885), and in supersession of all existing notifications under that Act, the Governor-General in Council is pleased to order the following rules and orders to have effect from the 1st October 1909:—

SECTION I.

GENERAL

I. *Telegraph offices in India* are distinguished as follows:—

(*a*) *Government Telegraph offices.*—These include the Telegraph Departmental Offices and Postal Combined Offices.

(*b*) *Licensed Telegraph offices.*—These include Canal Offices, State Railway Offices, and Railway Offices not the property of the State, all of which are licensed for working under Section 4 of the Indian Telegraph Act, 1885 (XIII of 1885).

2. *Business hours.*—Subject to the provisions of Rules 8, 88 and 136, telegrams are accepted at all Government Telegraph Offices during the hours noted against them in the List of Offices published in the *Telegraph Guide*.

II. Railway Telegraph Offices accept telegrams during the hours for which they are open for Railway business, but always subject to the necessities of Railway Traffic. These hours are notified in the *Telegraph Guide*.

III. Canal Offices are open according to the hours notified in the *Telegraph Guide*.

3. An *Express* telegram will be accepted during the hours when an office is closed, if the terminal office is open or its attention can be gained on the payment of an extra fee. If both the offices of origin and destination are closed the extra fee shall be two rupees, but if only one of them is closed, one rupee. The fees will be paid to the telegraphists in the closed offices.

When several telegrams are handed in together by the same person at an office which is closed, a single fee only will be payable in respect to that office.

If a telegraphist is called up to send a telegram and it subsequently appears that it cannot be despatched, the person desiring to send it must nevertheless pay the fee of one rupee.

4. *Telegram forms*, unbound and in reasonable numbers, are supplied free at all Telegraph and Post Offices. (*See* also notes to Rules 9 and 151.)

6. *Translation of telegrams.*—At Telegraph Offices in places other than the Presidency towns and Rangoon, every assistance possible is to be afforded to natives in the translation of their telegrams into *English*, and of telegrams in *English* addressed to them into the vernacular.

8. *Complaints.*—All complaints should be addressed to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta.*

SECTION II.

RULES FOR INLAND TELEGRAMS.

General.

7. *Inland telegrams* are those which are sent to, or received from, places within Indian limits. Such telegrams are subject to the regulations laid down from time to time by the Government of India.

8. *The accuracy of telegrams is not guaranteed.* and the Sender and Receiver must accept all risks arising from non delivery, errors, or delays.

9. *Legibility and forms.*—To secure accuracy and rapidity of transmission, Senders of telegrams are advised to write them in a clear and unmistakeable hand and on the proper forms, which can be obtained free of charge at all Telegraph and Post Offices (Rule 4). Telegrams written on plain paper are, however, accepted at all Offices

Note.—Books containing 100 forms for Inland Telegrams can be purchased at the principal Government Telegraph Offices; price with counterfoils two annas, and without counterfoils one anna each.

10. *Offices where inland telegrams are accepted.*—Inland telegrams are accepted at all Telegraph Offices and Post Offices in India, except at some Branch Post Offices. They are also accepted under certain conditions at Military Field Telegraph Offices.

11. *Postal Combined offices* are Postal Telegraph Offices in telegraph connection with other Telegraph Offices.

12. *Postal Receiving offices* are Post Offices which are not in telegraph connection with Telegraph Offices, but which receive Inland Telegrams and despatch them by post to a Telegraph Office. Such telegrams are sent registered and postage-free by first post.

13. *Inland telegrams may be also posted by the Sender to the nearest Telegraph office,* together with postage stamps sufficient for their payment, and in this case a receipt for the amount will be returned post-free to the Sender. In the case of a telegram sent by post to a Telegraph Office, under the preceding or this rule, with stamps of insufficient value, the deficiency will be recovered from the addressee (Rule 72).

14. *Licensed offices.*—All paid telegrams, except Press (Rule 135), can be sent from any Government Telegraph Office, to any Licensed Telegraph Office which is open for paid traffic (Section VI of the *Telegraph Guide*), or *vice versa*, without additional charge

15. *Objectionable telegrams.*—Telegraph Officers are required to refuse to accept any telegram which may be of a decidedly objectionable or alarming character. Should the character of a telegram be open to doubt, the matter shall be referred to a Secretary to Government if the telegram be tendered at a seat of Government, or to the chief Civil or Military Officer if tendered at another place.

16 *General division.*—Inland telegrams are divided into four classes:—

(*a*) State (or Government) telegrams (Rules 38 to 42),
(*b*) Service telegrams (Rules 43 to 46).
(*c*) Private telegrams,
(*d*) Press telegrams (Rules 129 to 138).

All these telegrams are transmitted according to their classification, *Express* or *Ordinary* (*see* Rules 41, 42 and 129) and in the order in which tendered.

Mode of Writing, etc.

17. *Characters.*—Inland telegrams must be legibly written in characters which have their equivalents in telegraphic signals. These characters or signals are the following:—

(*a*) *Letters.*

A, B, C, D, E, É, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z.

The combination "ch" counts as one character of the Morse Alphabet, except in Code and Letter cipher [Rules 17 (*d*) and 37] when it counts as two.

(*b*) *Figures.*

1, 2, 3, 4, 5, 6, 7, 8, 9, 0.

There are no telegraphic signals for Roman numerals, such as I, II, etc.

(*c*) *Stops and Other Signs.*

. Full stop (.), Comma (,), Semicolon (;), Colon (:), Note of interrogation (?), Note of exclamation (!), Apostrophe ('), Hyphen or Dash (-), Brackets or sign of a parenthesis ( ), Inverted (" "), Bars of division (/) or (—), Underline.

(d) Special Instructions and Conventional Signs.

18. *Languages, etc.*—The text of Private telegrams may be in plain language, in Code language, or in Figure Cipher, or partly in one and partly in the other. Letter Cipher is not admitted in Private telegrams.

(*a*) *Plain language* is that which offers an intelligible sense in English, or in any foreign language or in any of the Vernacular languages subject to the conditions of Rule 17.

(*b*) By "*Telegrams in plain language*" is understood those of which the text is written entirely in Plain language. Nevertheless, the presence of Code addresses, Exchange quotations, commercial marks, letters representing the signals of the International Code of Signals employed in maritime telegrams, of abbreviated expressions currently used in ordinary or commercial correspondence such as *resp., fab., cfi, caf, cof, sup., c/o., bjk., mo., epp., am., pm., %*, or any other analogous expressions, the meaning of which is understood at the office of origin, does not alter the character of a telegram in Plain language.

(*c*) *Code language* is that which is composed of words which do not form intelligible phrases in one or more of the languages authorised for telegraphic correspondence in Plain language. The words, whether genuine or artificial must be formed of syllables capable of pronunciation according to the current usage of one of the following languages: *English, French, German, Italian, Dutch, Spanish, Portuguese,* or *Latin*. Artificial words must not contain the accented letters á, é, ó, ú, Á, É, Ú. Genuine vernacular words are also admissible.

(*d*) Words in Code language must not contain more than ten characters according to the Morse alphabet (Rule 17) the combinat ons ao, ea, eo, ou, ue, being counted as two letters each. The combination "ch" is also counted as two letters in artificial words.

(*e*) Combinations which do not fulfil the conditions of clauses (*c*) and (*d*) are not admitted, neither are compounds composed of two or more words in plain language contrary to the usage of the language. (*See also* Rule 51, *et seq.*)

(*f*) *Figure cipher language* is that which is composed either of Arabic figures or of groups or series of Arabic figures having a secret meaning.

(*g*) If in telegrams in which the text is written entirely in plain language, any single word or authorised compound contains more than 10 characters according to the Morse alphabet, the excess is counted separately as one word.

(*h*) Words in plain language inserted in the text of a mixed telegram, *i.e.*, a telegram composed of words in Plain language and words in Code language, must not contain more than ten characters according to the Morse alphabet, and any excess is counted separately as one word in each case.

(*i*) If the mixed telegram contains, in addition, Cipher language, the passages in Cipher are counted according to the stipulations of Rule 55.

(*j*) If the mixed telegram is composed only of passages in Plain language and of passages in Cipher language, the passages in Plain language are counted according to the stipulations of clause (*g*), and the passages in Cipher language according to those of Rule 55.

(*k*) The address or Sender's name in telegrams of which the text is written wholly or partly in Code language is charged according to the stipulations of Rule 53 and clause (*g*).

(*l*) Registered Abbreviated Addresses are treated as Plain language [clause (*g*)] when occurring in the *Address* or as the *Sender's name* in both Plain and Code language telegrams and also in the *text* of Plain language telegrams. When in the *text* of a Code language telegram, they are treated according to clause (*h*).

19. *Erasures, etc.*—Every interlineation or insertion, reference, erasure, or re-written word must be authenticated by the Sender or by his representative.

20. *Parts of a telegram.*—The different parts forming an Inland telegram should be written in the following order :—

(*a*) The Address (Rules 24—32).
(*b*) The Text.
(*c*) The Sender's Name (Rule 33).

21. *Special instructions.*—The Sender should write upon the form, in the space provided, his instructions regarding prepayment of reply, if any. Other instructions regarding delivery at destination, acknowledgment of receipt, collation (or repetition), upon delivery, or delivery only to the Addressee himself, etc., may be written in any blank space at the end of the text of the telegram (but see Rules 116, 119 and 120).

23. In the case of a Multiple telegram, the Special Instructions which concern each Addressee should be written immediately before his name; but in the case of a Collated Multiple telegram, it is sufficient if the Special Instruction for Collation precedes the first Address.

24. Special instructions may be written in the abbreviated forms given in Rule 17 (*d*). In this case the counter clerk should place each of them between double dashes, thus = T. O. =. The Special Instructions are not charged for.

25. *Address.*—The name of the office of destination (or the office to which the telegram is to be transmitted) is counted as one word, irrespective of the actual number of words and initials which it may contain [Rule 55 (*a*)]. For instance, "Malia Hatton B. G. J. P." will count as one word. Care should be taken that the office to which the telegram is to be transmitted is written as given in the list of Telegraph offices published in the Telegraph Guide, but the letters, names of districts and provinces, printed in italics after the names of offices, need not be given.

26. The Address must contain all the particulars necessary to ensure the delivery of the telegram without search or enquiry.

27. For large towns the name of the street and the number of the house must be given, or in the absence of these particulars, the profession of the Addressee or any other relevant information.

28. Even for small towns the name of the Addressee must, if possible, be accompanied by additional particulars to guide the office of destination in effecting delivery.

29. When a telegram is addressed to one person care of another, the Address must contain immediately after the name of the real addressee the words "care of," "C/o." or any other equivalent.

30. *Insufficient address.*—Telegrams the Addresses of which do not satisfy the conditions laid down in the preceding rules are nevertheless accepted and transmitted at the Sender's risk.

31. In all cases the Sender has to bear the consequence of an insufficient Address which, after the telegram has been despatched, can neither be completed nor altered, except by a paid Service Advice (Rule 44).

32. *Abbreviated address.*—The Addressee's name and Address may be written in an abbreviated form. But the right of an Addressee to have a telegram thus addressed delivered to him, is subject to an arrangement made between such Addressee and the Telegraph Office which has to deliver the telegram.

33. Abbreviated Addresses may be registered under the following conditions:—

(1) Application for the registration of such addresses should be made to the officer in charge of the Telegraph Office at which it is proposed to register an address. The Telegraph Department cannot arrange for the registration of an address at any place in a foreign country.

(2) No address may consist of more than one word in addition to the name of the town where registration is effected.

(3) The word should contain not more than ten letters, and should be easy to read and easy to telegraph. Proper names can only in rare cases be accepted, and in no case can a proper name be registered for a person of a different name.

(4) The names of professions, trades, countries, states, towns, telegraph stations, well known streets and registered newspapers may not be used as registered addresses.

(5) Numbers may not be registered.

(6) To prevent inconvenience to the public the Telegraph Department has to reject words which, either in writing or in telegraph symbols, so closely resemble other registered words as to be liable to be mistaken for them. It is desirable, therefore, that any application should not merely offer one word for acceptance, but should give several words from which a selection may be made.

(7) No address may be registered in one town for the delivery of telegrams in another town.

(8) A registered address is available for telegrams from other countries, as well as for Inland telegrams.

(9) The Telegraph Department reserves to itself the right to cancel an address. In such a case a part of the registration fee, proportionate to the unexpired period, is returned, or a new address may be substituted free of charge for the one cancelled.

(10) In the event of a change in the title of a firm for which an address is recorded, the consent, in writing, of all the partners of the firm must be produced before the records can be altered.

(11) The fee for the registration of an abbreviated address is Rs. 10 per annum, or Rs. 5 half-yearly, payable in advance. The fee for registration should be paid to the officer in charge of the Telegraph Office at which registration is effected.

(12) An additional fee of five rupees is charged for every change of the word selected, or for every transfer to another Telegraph Office, if made during the year or half year as the case may be, but not for change of residence within the delivery limits of the registering office, or for change of name or title of firm or person, so long as the identity is the same (*see* Condition 16), and it is not a case of transfer from one firm to another; if it is a case of transfer, the full fees are charged.

(13) The Telegraph Department accepts no responsibility in respect of the delivery of any telegram having an abbreviated address if such address has not been registered, or for delay in delivering such telegram. Registration is essential in all cases of persons who frequently receive telegrams addressed to them by an abbreviated name, and Telegraph officials can decline to deliver such telegrams if, after notice has been given, the address has not been registered.

34. *Sender's name or designation.*—The Sender's name or designation may be in an abbreviated form in customary use, or may be replaced by a registered address, or may be omitted altogether.

35. *Text.*—No private telegram, or series of telegrams, containing more than five hundred words, can be sent at any one time by any individual or firm, and no subsequent telegram by the same

individual or firm till after the lapse of three hours, unless the telegraph lines be free of all other traffic. Regarding the length of press telegrams, *see* Rule 131 (3).

35. *Signature.*—The true signature and address of the Sender (which are not charged for or transmitted) must always be written at the foot of the telegram. The Sender of a Private telegram can always be called upon to prove that the signature attached to it is genuine. In the case of telegrams from a mercantile firm, if the name of the firm is written, it will be accepted, but if stamped, it must be attested by the signature, or initials, of a responsible member of the firm.

State Telegrams.

36. *Definition.*—A State telegram is a telegram sent by an official of the British Government on British Government business.

Municipal Commissioners and the officials and servants of a Municipality or of a Guaranteed or Private Railway are not entitled to send State telegrams, nor are the officials and servants of Native States.

37. *Language.*—The text of State telegrams may in all cases be composed of secret language (*i.e.*, Codo and Cipher). Cipher language may be formed either of groups or series of figures, or of groups or series of letters, having a secret meaning; but a combination in the same telegram of figures and of letters, having a secret meaning, is not admitted.

38. *Collation.*—State telegrams, when they are written in Figure or Letter cipher, are always repeated in their entirety (Rule 105) by the Receiving Office in the same manner as is done with "collated" telegrams (Rule 109). When partially written in cipher, the cipher portions only are repeated.

39. *Payment, etc.*—State telegrams must be marked *State* by the sender, and, as a rule, paid for in service stamps or in cash prior to despatch. The charges are the same for State as for Private telegrams. The rule regarding prepayment (Rule 64) will be relaxed in case of great emergency; but whenever an *Express* State telegram is tendered for transmission under this permission, the sender must take the necessary steps to ascertain the charges so it, and pay them into the Telegraph Office within 24 hours. The rule cannot be relaxed in case of *Ordinary* State telegrams.

40. *At Railway offices.*—State telegrams are not accepted at Railway Offices at places where there is also a Government Office, except in cases of emergency, or when the Sender's office, or residence, is much closer to a Railway Office than to a Government Office. At Railway Offices State telegrams should be paid for in cash.

41. *Abbreviated addresses.*—The conditions for the registration of abbreviated addresses laid down in Rule 32 do not apply to the abbreviated addresses of Government officials. These are registered free of charge, and without any restriction as to the number of words used. Applications for the registration of abbreviated addresses of Government officials should be made to the Director-General of Telegraphs.

42. *Clear-the-line telegrams.*—On emergent occasions of great importance, the officers named below may "clear the line" within Indian limits, i.e., may suspend the receipt and despatch of all telegrams until the one for which the line is cleared is passed as :—

Such clear-the-line telegrams shall be accepted only if signed by one of the said officers. The power to clear the line shall not be delegated and "clear-the-line" telegrams signed "by order" shall not be accepted.

Any of the said officers may, in sending a clear-the-line telegram, authorise a "clear-the-line" reply, but no "clear-the-line" reply shall be accepted in the absence of such authority. clear-the-line telegrams shall be paid for as State (Express) telegrams. The words "*clear line*" should be written before the address.

Officers authorised to clear the line

(1) Military Secretary to the Viceroy, by special order of the Viceroy.
(2) Private Secretary to the Viceroy, by special order of the Viceroy.
(3) Private Secretary to the Governor of Madras, by special order of the Governor.
(4) Private Secretary to the Governor of Bombay, by special order of the Governor.
(5) (a) Military Secretary to the Commander-in-Chief, by special order of the Commander-in-Chief.
(b) The Chief of the Staff, Army Head-Quarters.
(c) The Senior Staff Officer at Head-Quarters in the absence of the Commander-in-Chief from the Head-Quarter Station.
(6) The General Officers Commanding the Northern and Southern Armies.
(7) Private Secretaries to the Lieutenant-Governors, Bengal, Eastern Bengal and Assam, the United Provinces, the Punjab and Burma, by special order of each Lieutenant-Governor.
(8) Ordinary Members of Governor-General's Council.
(9) Secretaries to the Government of India.

NOTE.—Also the Deputy Secretary to the Government of India in the Foreign Department in the absence of the Foreign Secretary on tour with the Viceroy.

(10) Chief Secretaries to the Governments of Madras, Bombay, Bengal, Eastern Bengal and Assam, the United Provinces, the Punjab and Burma.
(11) Chief Commissioners of the Central Provinces and North-West Frontier Province.
(12) Secretary to Agent to the Governor-General and Chief Commissioner, North West Frontier Province.
(13) Agent to the Governor-General in Rajputana, Central India and Baluchistan.
(14) The General Officers Commanding the Peshawar, Rawalpindi, Lahore, Quetta, Mhow, Poona, Meerut, Lucknow, Secunderabad and Burma Divisions, and the Kohat, Derajat, Bannu and Aden Brigades.

NOTE.—The power of clearing the line is limited in the case of those officials to messages addressed to the Army Department, to Army Head-Quarters and to the General Officers Commanding the Nat Zun and Southern Armies.

(15) Officer Commanding a Force in the Field.
(16) Director-General of Telegraphs.
(17) Maharaja of Patiala (from Patiala Office only).
(18) Residents in Hyderabad and Mysore.
(19) Comptroller and Auditor General.

SERVICE TELEGRAMS.

43. Service telegrams are divided into Service telegrams properly so called, and Service Advices. The former classification includes—

(*a*) those on the service of the Government Telegraph and Postal Departments, which are sent free to and from any Telegraph Office;

(*b*) those sent free on the service of certain foreign Governments regarding which the Government of India prescribes special instructions in each case.

Paid Service Advices are Service telegrams exchanged between Telegraph Offices under Rules 44 and 45.

PAID SERVICE ADVICES.

44. The sender and addressee (or the authorised representative of either of them) of any telegram already transmitted, or in course of transmission, may during the period of preservation of records (Rule 137), and after they have proved, if necessary, their right and identity, cause enquiry to be made, or instructions to be given respecting it by telegraph. They may also, in order to make or obtain corrections, cause a telegram, which they have sent or received, to be repeated, entirely or in part, by the office of destination, or by the office of origin, or by a transit office. In all such cases, they have to deposit the following amounts:—

(*a*) The cost of the telegram making the request, which may be classed *Express* or *Ordinary* at the Sender's option.

(*b*) The cost of a telegram for the reply, if a reply by telegraph is necessary, which may also be classed as in (*a*) above.

Those which are sent at the request of the Addressee in order to obtain the repetition of a passage suspected to be erroneous imply always a telegraphic reply which will be of the same class as the telegram making the request, and the insertion of the indication = *Reply paid* = is not necessary. In other cases in which a telegraphic reply is requested, this indication must be employed.

45. Rectifying, completing, or cancelling telegrams, and all other communications relating to a telegram already transmitted or in course of transmission, when they are addressed to a Telegraph Office, must be exchanged exclusively between the Offices under the form of paid Service Advices, at the cost of the Sender or the Addressee making the demand.

46. The charges for Service Advices necessitated through errors of the Telegraph Service are refunded under Rules 145 (*b*) and 148.

47. When the words to be repeated are written in a doubtful manner, the office of origin consults in the first instance, the Sender. If he cannot be found, the office of origin adds to the repetition a note "Writing doubtful".

COUNTING OF WORDS.

48. *What is counted.*—All that the Sender writes upon the form to be transmitted to his correspondent is included in calculating the charge, with the exception of the Special Instructions referred to in Rule 21 and the name of the Telegraph Office of origin, which are transmitted free. No other words may be transmitted unless paid for.

49. *Stops, &c.*—Dashes which only serve to separate upon the form the different words or groups of a telegram, are neither charged for nor transmitted. Signs of punctuation, apostrophes, and hyphens are only transmitted and, consequently, charged for, on the formal request of the Sender.

50. *Prosigns.*—Words, numbers and signs added by Telegraph Officials for official purposes are not charged for. The hour and minute (Standard time) at which a telegram is handed in are added by the Telegraph Office and transmitted free.

51. *Combinations or alterations of words* contrary to the usage of the language are not admitted (except in the case of registered abbreviated addresses under Rule 32, Condition 3). The same applies to combinations or alterations sought to be concealed by reversing the order of letters or syllables. Nevertheless, the names of towns and countries, patronymics (family names) of one and the same person, the names of places, squares, boulevards, streets, and any other kinds of public places, the names of vessels, whole numbers, fractions, decimal or fractional numbers, written entirely in words, and compound words admitted as such in the English and French languages and which can, if a question arises, be justified by reference to a dictionary, may be respectively written as single words, without either apostrophe or hyphen.

The words *halfpenny twopence, threepence*, etc., up to *eleven pence*, may be written as single words.

52. The following are examples of combinations of words admissible and inadmissible as single words:—

(*a*) Examples of combinations admissible as single words:—

Cowhide.	Rupeesed.
Gingellyseed.	Sheepskin.

(*b*) Examples of combinations inadmissible as single words—

Tapestrypatterns.	Wheatcargo.
Counteroffer.	Penthouse.
Enclosetwo.	Dischargingday.
Wireanswer.	Steamercargo
Inverharbour.	Constanding.
Bournecredit.	Bullsteamer.
Sailingcrewe.	Alright.
Steamcoals.	Allright.
Tuesdaymorning	

53. The following are each counted as one word only:—

(*a*) The name of the Telegraph Office of destination when written as given in the *Telegraph Guide* (Rule 24).

(b) Every Code word which fulfils the requirements of Rule 18, clauses (c) and (d).

(c) Every isolated character, letter or figure, including the initials of persons and of such abbreviations as, *I.C.S.* or *R.A.*, which are treated as isolated letters, however written by the Sender, as well as every sign of punctuation, apostrophe, or hyphen, transmitted at the request of the Sender.

(d) Underline.

(e) Parentheses (the two signs which serve to form).

(f) Inverted commas, i.e., the two signs placed at the commencement and end of one and the same passage.

(g) In Telegraphic Money Orders, the name of the postal issuing office, the name of the postal paying office, and that of the locality where the payee resides.

54. *Use of apostrophes and hyphens.*—Words separated by an apostrophe and words joined by a hyphen are counted as so many separate words.

55. *Figures, letter cipher, commercial marks, etc.*—Groups of figures or of letters, commercial marks composed of figures and letters are counted as one word for each five figures or letters which they contain, *plus* one word for any excess. Each of the combinations e, au, ae, m, th, and ch is counted as two letters. When Commercial marks form part of the text of a telegram, the Sender should certify them to be such at the foot of the form.

56. *Signs, etc., used with figures or letters.*—Decimal points or full stops, commas, colons, dashes and bars of division are each counted as a figure or a letter in the group in which they occur. This also applies to each letter added to groups of figures to form ordinal numbers, as well as to letters or figures added to the number of a house in an address, even in the case of an address in the text or in the signature (*i.e.* "Person From") of a telegram.

57. *Abbreviations.*—Common titles, which in their full form are expressed by a single word, such as *Captain, Reverend* and *Esquire*, may be written in their usual abbreviated forms, such as *Capt., Rev.* and *Esq.*, each of which counts as one word. Similarly, common abbreviations of single words, such as *Rs.* (for *Rupees*), *lbs.* (for *pounds*), are admissible and count each as one word.

58. *Examples of counting.*—The following examples show how the rules for counting words are to be interpreted.—

CHARGES.

59. *Classes.*—There are two classes of telegrams—*Express* and *Ordinary*. These classes apply equally to State and Private telegrams. The correspondence charges between any two Offices in India or Burma are as follows :—

Class.	Unit number of words.	Unit rate	Each additional word.	Address.
		R. A.	R. A.	
Express	12	1 0	0 2	Charged for.
Ordinary	12	0 6	0 1	Do.

60. On telegrams to or from the Pilot Vessel at the Sandheads exchanged by the Wireless Telegraph system, a special fee of Rs. 4 per telegram is levied, in addition to the rates specified in Rule 59.

PRECEDENCE.

61. *Express telegrams* have precedence over Ordinary telegrams in transmission and are delivered by messengers at any time during the day or night.

62. *Ordinary telegrams* are transmitted in their turn after Express telegrams, and delivery is effected by messengers between 8 hours and the time of closing of a telegraph office, but not later than 23 hours.

63. *Ordinary telegrams* are not accepted on Sundays and the four principal holidays, Christmas Day, New year's Day, Good Friday and the King's Birthday.

PAYMENT OF CHARGES.

64. *Charges how paid.*—With the exceptions provided for in Rules 32, 65, 70, 71, and 128, all charges on telegrams must be prepaid in Cash or Postage Stamps. If the class of the telegram is not stated by the Sender, it will be classed and charged for as Ordinary (Rule 59).

65. At Departmental Telegraph Offices, telegrams can be accepted without prepayment on the Deposit System of Accounts on the following conditions :—

(i) Any person who deposits a sum of money equivalent, approximately, to the average monthly payments on telegrams transmitted by him, may open an account with the Departmental Telegraph Offices at which the deposit is made and transmit all classes of telegrams without prepayment, from that office. This deposit will be refunded when it is desired to discontinue the system of sending telegrams without prepayment.

(ii) In addition to this deposit, a sum of Rs. 10 will be levied as the minimum charge per annum, payable in advance, to cover as far as it goes a commission at the rate Re. 1 for every 25 telegrams transmitted without prepayment during the year.

(iii) At the end of each month, a bill will be presented showing the net amount due on telegrams transmitted without prepayment during the month, which should be paid into the Telegraph Office concerned within three days of the presentation of the bill.

(iv) The account for commission will be submitted quarterly, and, if within the period covered by the annual or minimum charge, the account should show a balance against the party in account with the Telegraph Office, the amount will be recovered.

66. *Postage stamps.*—Postage stamps are of the following values :—

½ anna.	2½ annas.	8 annas.	1 rupee.
1 "	3 "	12 "	5 "
1½ "	4 "	1 rupee.	10 "
2 annas.	6 "	2 rupees.	15 "
			25 "

Service Postage Stamps, *i.e.*, Postage Stamps overprinted with "On H.M.S." should be used in payment of State telegrams.

67. *Affixing stamps.*—The Stamps must be affixed by the Sender to the telegram form in the space allotted for the purpose, and he should see that the Stamps are defaced by the Counter Clerk with the Name and Date stamp of the office.

68. *Spoilt or defaced stamps.*—Postage Stamps which have been obliterated, defaced, torn, cut or otherwise rendered imperfect, or which have any word, letter, figure, or design written, printed, or impressed upon them, otherwise than by the authority of Government, before being affixed, or which have been cut or otherwise separated from embossed envelopes, postcards or wrappers, cannot be recognized in payment of telegrams.

NOTE.—The perforation of Postage Stamps with initials, or other identifying marks, traced in minute holes is not prohibited.

69. *Receipt.*—A receipt containing particulars of the number of the telegram and the charges paid can be obtained for each telegram tendered for transmission at a Telegraph or Postal Receiving Office. Duplicate copies of receipts for telegrams are never given.

70. *Telegrams from ships.*—Telegrams arriving by mail steamers and other vessels for onward transmission by telegraph may be transmitted without prepayment; but no such telegram, whether prepaid or not, will be transmitted until the name of the vessel from which it is received is known at the Telegraph Office.

71. *Telegrams from Field Telegraph offices.*—Where at a Field Telegraph Office prepayment is impracticable, Private telegrams, addressed to any office other than a Field Telegraph Office, will be accepted "Reverse." But such telegrams will not be delivered to the Addressees until they have paid the charges due on them (Rule 72).

72. *Recovery of tearing and other charges from addressee.*—In every case where charges have to be collected on delivery (Rules 13, 70, 71, 84, 86 and 128), the telegram is only handed to the Addressee upon payment of the amount due.

73. *Any undercharge* made in error, and charges and expenses not recovered from the Addressee in consequence of his refusal to pay them, or the impossibility of finding him, must be made good by the Sender.

74. *Any overcharge* made in error is returned to the person entitled to it. No refund, however, is made of the value of the stamps in excess affixed by the Sender, unless he applies for it to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, under Rules 143 (*f*) and 145.

Interruption of Telegraphic Communication—Transmission of Duplicate.

75. When an interruption to the regular means of telegraphic communication occurs during the transmission of a telegram, the office beyond which the interruption exists, or an office situated further back and having at its disposal an alternative telegraph route, immediately sends the telegram by such a route, or failing that by special messenger or by post (*registered*, if possible)

76. If a telegram is retransmitted by means other than telegraphic, it will be addressed by the retransmitting office either to the nearest telegraph office able to retransmit it, or to the office of destination or to the addressee himself. As soon as communication is re-established, the telegram is transmitted afresh by telegraph unless its receipt has been previously acknowledged, or unless, on account of an exceptional accumulation of traffic, this retransmission would be manifestly prejudicial to the general service.

Cancellation.

77. If the Sender of an Inland telegram, or his authorized representative, wishes to cancel the telegram before transmission has begun, he can do so, and the charges, less a fee of two annas, will be returned. Provided that if the telegram has been stamped and the stamps have been obliterated the charges shall be refunded under Rule 145 (*k*), only on application being made to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, within the period prescribed by rule 148. If the telegram is in course of transmission, or has already been despatched, it can be cancelled only by a Paid Service Advice addressed under Rule 44 to the office of destination. If, in addition, the Sender wishes to be informed by telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram: otherwise he is informed by post. If the telegram has been delivered to the Addressee, the latter is informed of its cancellation unless the Service Advice contains instructions to the contrary.

Delivery at Destination.

78. *According to address and order.*—Telegrams are, according to their Addresses, either delivered at the residences of the Addressees, or kept at the Telegraph Office or Post Office till called for. They are, in all cases, delivered at, or sent to, their destinations in order of receipt.

79. *Free delivery limits.*—Telegrams are delivered free of charge within five miles of a Telegraph Office. Beyond this free delivery limit, telegrams are sent by post without charge, or by such other means as the Sender may arrange and pay for (Rules 115—120). For telegrams to be delivered by boat see Rule 84.

80. *Persons to whom telegrams may be delivered.*—A telegram taken to the Addressee's place of residence may be delivered either to the Addressee, the adult members of his family, any person in his service, to his lodgers or guests, or to the porter of the hotel or house, unless the Addressee has named in writing a special person, or the Sender has requested by writing on the form the Special Instruction *Addressee only* or (*AO*)—see Rule 17 (*d*)—, that the telegram may be delivered only into the hands of the Addressee himself. In this case the Office of destination writes the instruction "Addressee only" in full on the envelope and gives the necessary instructions to the messenger.

81. *Open delivery.*—The Sender may also request that the telegram may be delivered open by writing on the form the Special Instruction "*Open*"—see Rule 17 (*e*). This request is reproduced on the copy handed to the Addressee, which is delivered without an envelope, simply folded, with the Address written on the back.

82. *Telegrams to be kept till called for.*—When the telegram bears the Special Instruction *to be kept at the Telegraph Office till called for* or (TBC), it is delivered to the Addressee or his duly authorized representative over the telegraph counter. Telegrams bearing the Special Instruction *to be kept at the Post Office till called for* or (BF) are handed to the Post Office by the Telegraph Office of destination. The latter are, as regards delivery and period of preservation, subject to the same rules as postal correspondence.

83. *Delivery on ships.*—Telegrams addressed to passengers on board a vessel arriving at a port are delivered, if possible, before disembarkation.

84. *Delivery by boat.*—When an Inland telegram has to be delivered on board a ship which cannot be reached without a boat (*i.e.*, when the ship is not alongside a wharf, pier or jetty) or at a place which cannot be reached without a boat, the boat-hire must be paid by the Addressee if the Sender omits to prepay it. The indication *Boat-hire paid* or (*BPD*), or *Boat-hire paid double* or (*BP DH*)—if the Sender has paid the boat-hire and wishes the telegram sent on board at night—should be entered on the form. Boat-hire prepaid but not expended will be refunded [Rules 145 (*g*) and 148]. Information regarding fixed express charges for boat-hire for certain places in India can be obtained from the Telegraph Office.

85. *Reply given to messenger.*—Save in the case of delivery by the ordinary post beyond the free delivery limit, the messenger who delivers a telegram may be entrusted with the Reply, provided he be not detained for this purpose more than five minutes. The fact of the Reply having been given to the messenger, and the amount paid to him should be mentioned on the *Receipt* signed for the original telegram.

86. *Re-direction.*—Telegrams can be re-directed to a second address, either by an official of the Telegraph Office, or by an agent of the Addressee. When official re-direction of telegrams is required, a notice to that effect must be given to the Telegraph Office concerned; printed forms for the purpose can be obtained from the local Telegraph Office. The person who gives notice is responsible for any charges that may be incurred. No additional charge will be levied for re-direction, if the two addresses are within the same town, but if in different towns, the full Inland rate, according to the class of the telegram, will be charged for the re-direction. If the sum due has not been paid at the office where the telegram has been re-directed, the amount will be recovered from the Addressee before delivery. State telegrams will be re-directed free. Instructions left at the Telegraph Office regarding the re-addressing or re-direction of telegrams will be considered to be in force for a month only; after that period they will be liable to the fees prescribed by Rule 92.

87. *Inland telegrams* may also be retransmitted to Ceylon at the request of the Addressee or some responsible resident acting on the Addressee's behalf. In that case, the full charge for the telegram from India to Ceylon will, when possible, be recovered from the Addressee. Requests for retransmission must be made in writing, and any one making such request must undertake to pay the charges which may not be collected by the Delivery Office. When no such undertaking accompanies a request to retransmit, the telegram will be posted and the Sender advised. Telegrams returned unopened with a new address in Ceylon will be similarly dealt with.

88. *Undelivered telegrams.*—When a telegram cannot be delivered, the office of destination after a brief delay, sends a Service telegram to the office of origin and the Sender is informed except in the case of—

(a) Telegrams addressed *To await arrival, Télégraphe restante, Poste restante, or Care of Telegraph (or Post) Office*, and

(b) telegrams to places beyond the free delivery radius which have been duly posted and are subsequently returned as undelivered by the Post Office to the Telegraph Office which posted them. In cases (a) and (b) when a charge has to be collected, the Service Advice of non-delivery is sent by post at the expiration of the period for retaining such correspondence.

89. When in consequence of an inexact or insufficient Address or of the Addressee's absence or refusal, bearing charges have not been paid at destination, the amount of these charges is mentioned in the Service telegram and the Sender is bound to make them good.

90. If the messenger finds no one at the Address given who will consent to receive a telegram for the Addressee, a notice is left at the residence indicated, and the telegram is brought back to the Telegraph Office to be delivered to the Addressee, or to any person authorised by him to take delivery of it, upon application from either. When the Addressee duly advised as above of the arrival of a telegram, does not take delivery within 24 hours, non-delivery is reported in accordance with Rule 88.

91. *Unclaimed telegrams.*—Telegrams undelivered, or not delivered, are not kept after two weeks by the office of destination.

92. *Directions about delivery.*—For the registration of standing instructions regarding the delivery of telegrams during fixed hours, the same fee as for the registration of an abbreviated address is levied (*vide* Rule 32). If the fee for a registered abbreviated address has already been paid, that fee will cover the registration of special delivery instructions. In the case of Government Officials, no charge is made for the registration of abbreviated addresses, but they will be required to pay the prescribed fee for the registration of standing instructions regarding the delivery of telegrams during fixed hours.

Special Telegrams.

(*A*) *Prepaid Replies.*

93. The Sender of a Private telegram, or of a State telegram addressed to a person other than a British Government Official, may prepay a reply, but the amount so prepaid shall be not less than six annas. The Sender of a Reply-paid telegram should write the words "Reply-paid" in the space provided on the form. [Rules 17 (*d*) and 21.]

94. At destination, the Telegraph Office delivers to the Addressee a Reply telegram form, which entitles him to send free of charge from any Telegraph or Receiving Office in India, and within the value of the amount prepaid, a telegram to any destination in India. Two or more Reply telegram forms may be used in payment of one Inland telegram, but one Reply telegram form cannot be used in payment of two or more telegrams. A Reply telegram form can prepay the cost of a telegram and its reply if necessary.

95. If the reply exceeds the amount notified in the Reply telegram form, the difference must be paid in cash or stamps by the Sender of the reply (Rule 67). If, on the other hand, the amount notified on the Reply telegram form exceeds that of the Reply, the difference, if it be not less than eight annas, will be refunded to the Sender of the original telegram on application to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta.* No refund will be given on a Reply telegram form, which has been prepaid by another Reply telegram form and not by cash or stamps.

96. The Reply telegram form is available for only two months (date of issue included) after which it lapses.

97. When the Addressee has not made use of the Reply telegram form, or has refused it, the money deposited for the reply can be refunded to the Sender under the conditions of Rules 145 (*d*) and 148.

98. Should it be impossible to effect delivery of a Reply-paid telegram, the Office of destination sends a Service telegram to that effect and the Sender is informed (Rule 84). The Reply telegram form remains attached to the telegram during the period of retention fixed by Rule 91, after which it is sent to the Check Office to await any application for refund of the amount prepaid that may be preferred by the Sender according to Rule 148.

99. When a telegram to which a reply is prepaid, is addressed to a place where there is no Telegraph Office, the telegram and Reply telegram form are forwarded to destination from the nearest Telegraph Office by ordinary post free of charge.

100. It is not compulsory on the Addressee to send a reply. The duty of the Office of destination consists simply in the delivery of the Reply telegram form for the amount prepaid, and the Addressee is at liberty to do what he pleases with it.

101. The Sender of a State telegram addressed to a Government Official cannot prepay a reply. In the case of a State telegram addressed to other than a Government Official, any sum deposited by the Sender under Rule 93 must be intended for no other purpose than to cover the cost of a return telegram.

(B) Collated (or Repeated) Telegrams.

102. Collation consists in the entire telegram (including the Preamble) being repeated back immediately on its receipt by each office concerned in its transmission.

103. The Sender of any telegram can require it to be collated, or repeated, to insure correctness. In this case he must write the instruction *T.C.* [Rules 17 (*d*) and 23]

104. The charge for collation is equal to one-fourth the charge for the telegram. In calculating this charge, fractions of half an anna will be reckoned as half an anna.

105. State and Service telegrams written in Secret language are invariably collated free of charge (Rule 38).

(C) Acknowledgments of Receipt.

106 The Sender of a telegram can require that a notice of the date and time at which his telegram is delivered to the Addressee shall be notified to him as soon as possible after its delivery. He should write on the form the abbreviation (P C)—see Rule 17 (*d*). When the telegram is forwarded to its final destination by post, deposited *poste restante*, or delivered to any intermediate agency, this notice mentions the date and time of such forwarding, deposit, or delivery. This Acknowledgment of Receipt may be addressed to him at any place he may name.

107. The charge for an Acknowledgment of Receipt by telegraph is six annas.

108. A telegraphic Acknowledgment of Receipt ranks for transmission as an *Ordinary* Private telegram.

109. In the case of non-delivery provided for in Rule 88, the Acknowledgment of Receipt is preceded by the Service Advice required by that Rule. The Acknowledgment of Receipt is detained during the period prescribed in Rule 91, or is transmitted after the delivery of the telegram, if that becomes possible. At the expiration of this period, if the telegram has not been delivered, the charge for the Acknowledgment of Receipt is refunded to the Sender of the telegram under the conditions of Rule 145 (*g*), if he has not already applied for such refund.

110. An Acknowledgment of Receipt when it reaches the office of origin, or the office indicated in the telegram (Rule 106), is notified to the Sender. When the Acknowledgment of Receipt has reference to a telegram which has been readdressed (Rule 86), the office of origin recovers from the Sender any charges that may be due.

(D) Multiple Telegrams.

111. *Addressed to one Telegraph office.*—Except as provided for in Rule 121, a telegram addressed to several persons in the same locality, or in different localities served by the same Telegraph Office, or to the same person at several Addresses in the same locality, or in different localities served by the same Telegraph Office, is charged for as a single telegram; but a copying fee of four annas per 100 chargeable words, *plus* four annas for the excess, is charged for each destination after the first.

Copies of a multiple telegram will only be delivered by post from the Terminal Telegraph Office when addressed to places beyond the telegraph lines. Such copies cannot be posted to places where there are Telegraph Offices.

112 *Addressed to more than one Telegraph Office.*—A telegram addressed to several persons, or to the same person, in localities where delivery is to be effected by different offices, is charged for as so many separate telegrams, and shall be written on separate telegram forms. Telegrams addressed to stations which are local telegraph offices within the free delivery radius of the Central Office are, however, treated as laid down in Rule 111. Press telegrams addressed to more than one Telegraph Office, are invariably treated as in Rule 111 (See Rule 129).

113. In the case provided for in Rule 111, each copy of the telegram delivered will bear its own particular Address only, unless the Sender has requested the contrary. In the latter case the Sender should write the words *Communicate all Addresses* or=CTA [Rule 17 (*d*)] which are not charged for.

114. Replies cannot be prepaid on multiple telegrams.

(E) Telegrams to be delivered by Post or Special Messenger.

115. *Post or Special Messenger.*—Telegrams addressed to places where there are no Telegraph Offices may be delivered at destination, according to the request of the Sender, either by post or by special messenger.

116. The Address of telegrams to be conveyed beyond the telegraph lines should be written as follows:—

(*a*) If the message is to be posted from the nearest Telegraph Office—

To—John Doe, Esq.,
Sherghotty, *Post* Gya.

(*b*) If the message is to be sent by special messenger—

Office of Origin and Service Instructions.
Calcutta=XP., *Rs. Two*

To—John Doe, Esq.,
Nyaon, *Express* Hooghly point.

The instructions (*Post*) or (*X. P Rs. two*) are not charged for (Rules 23 and 43).

117. Express or porterage charges must be prepaid by the Sender. If the charges are fixed the telegram bears the Sender's Special Instruction *Express paid* or (*X.P.*) only. If not, the Sender must pay such sum as he thinks sufficient and the telegram must bear the Special Instruction *Express R*—— or (*X.P.*—*R*). If the sum deposited is found to be insufficient at the Office of destination, the difference is recovered from the Addressee. Information regarding fixed Express or porterage charges for certain places in India can be obtained from the Telegraph Office.

118. *Postage.*—No charge is made for postage on a telegram addressed to a place in India where there is no Telegraph Office, or to a place out of India to which Indian Inland Postal rates apply, *e.g.*, Aden and Ceylon, but on telegrams to be posted to a place beyond the limits of the Indian Inland Postal Tariff, the following additional charges must be paid to cover postage and registration :—

(i) On a telegram to be posted to the United Kingdom, or any British Possession which has joined the Penny Postal Union—

one anna, if the message is to be posted unregistered, and three annas if it is to be posted registered.

(ii) On a telegram to be posted to a country which has not joined the Penny Postal Union—

2½ annas, if the message is to be posted unregistered and 4½ annas, if it is to be posted registered.

119. *Inland Telegrams posted from India to Ceylon.*—Inland telegrams to be posted to Ceylon may be addressed to Tuticorin, from which place a daily mail boat leaves for Colombo.

Example.

To—Young,
Oriental Hotel,
Colombo, *Post* Tuticorin.
Text.—Start by first Steamer.
From—W. Collins.

The charge for such a telegram is the usual Inland rate according to class, and, as stated in Rule 118, there is no charge for postage. The word *Post* is also not charged for (Rules 23 and 48).

120. *Inland telegrams posted from Indian Ports.*—An Inland telegram telegraphed to an Indian port to be posted under Rule 118 to a place beyond Indian limits must have the name of the port entered in the Address, and the Instructions *Post*, or *Post Registered* [Rules 17 (*d*), 21 and 23] before the name of the Telegraph Office from which to be posted.

Example.

To—Mrs. Johnson,
20, Cambridge Terrace,
Hyde Park,
London, *Post* Bombay.

Text.—Afraid my letter missed mail. Am quite well.
From—Johnson.

The charge for such a telegram would be the usual Inland rate, according to the class (Express or Ordinary at Sender's choice), *plus* one anna for postage under Rule 118. If the Sender desires the message to be registered before being posted, he should insert the Special Instruction *Post Registered* (or *P. R.*) before the name of the Telegraph Office from which to be posted. The charge for postage and registration would then be three annas under Rule 118.

Telegrams as in this Rule may also be multiple (Rule 11(*b*)), but in such case the Sender must pay the copying fee for each additional Address, and also an additional fee for each for postage, or for postage and registration, as the case may be, according to the charges laid down in Rule 118. But such telegrams cannot be addressed partly to persons beyond the sea, and partly to persons at the port itself. If the Sender wants the telegram also delivered to a person at the port itself, he must send it as a separate telegram.

121. *Mixed Postal and Telegraph Service between India and the United Kingdom.*—Communications intended for places in the United Kingdom may be telegraphed to Bombay for despatch by registered post to London and telegraphed thence to destination. The charges for such communications will be :—

(1) The charge for the telegram in India at *Express* or *Ordinary* rates according to the wishes of the sender.

(2) One anna for postage, and

(3) The British Inland telegram rate of ½*d*, or half an anna, per word with a minimum of six pence, or six annas.

The communications should be addressed as shown below :—

To—Mrs. Wilcox,
18, Goldspink Lane,
Newcastle, c/o *Telegraphs Bombay.*
Text.—Afraid my letter missed mail. Am quite well.
From—Wilcox.

The words "c/o *Telegraphs Bombay*" will be charged for on the Indian section. On arrival at Bombay, the Central Telegraph Office will score out the words "c/o *Telegraphs Bombay*" and arrange

to forward the telegram by post in a *registered* packet to the Central Telegraph Office, London, from whence it will be telegraphed to its destination. The charges for the above telegram will be—

If sent as—

	Express.	Ordinary.
	Rs. A.	Rs. A.
(1) *On Indian Section.*—12 words (including the instruction "*c/o Telegraphs Bombay*")	1 12	0 9
(2) Postage (including registration) from Bombay to London ..	0 1	0 1
(3) *On British Section.*—10 words (excluding the instruction "*c/o Telegraphs Bombay*")	0 7½	0 7½
Total ..	2 4½	1 1½

The following are not admitted in the mixed postal and telegraph service :—

(*a*) Telegrams with Reply paid (Rule 93).
(*b*) Collated telegrams (Rule 102).
(*c*) Telegrams with acknowledgment of receipt (Rule 106).
(*d*) Multiple telegrams (Rule 111).
(*e*) Telegrams for delivery by Special Messenger (Rule 115)
(*f*) Semaphoric telegrams (Rule 123).

122. *Employment of post.*—In case of telegrams for places over five miles distant from the Telegraph Office of destination, that Office is entitled to post such telegrams—

(*c*) in the absence of directions in the telegram as to the means of delivery to be employed, or
(*b*) when there is an unpaid claim against the Addressee for delivery charges on a previous telegram, which he has refused to pay.

Telegrams for places over five miles distant from the Telegraph Office of destination must be posted by that Office—

(*a*) when such has been the request expressly made by the sender (Rule 115) or the Addressee (Rule 89). The office of destination may, however, effect delivery by special messenger, even for telegrams bearing the instruction *Post*, if the Addressee has expressed a desire to receive his telegrams by special messenger ;

(*b*) when the Office of destination has no more rapid means of delivery at its disposal.

(*F*) *Semaphoric Telegrams.*

123. *Semaphoric telegrams* are telegrams exchanged with ships by means of Semaphore established on shore.

124. *Semaphore Stations.*—The following are the Government Telegraph Offices which are Semaphore Stations :—

Achipur.	Elephant Point.
Amherst.	False Point Light-house.
Budge-Budge.	Hooghly Point.
Diamond Harbour.	Mud Point.
Diamond Island.	Sauger Island

125. *Language.*—Semaphoric telegrams must be written in *English* or by means of groups of letters of the International Code of Signals.

126. *Address.*—When a Semaphoric telegram is for a ship at sea, the Address must contain, in addition to the ordinary directions, the name or official number of the vessel for which it is intended, and its nationality.

127. *Preamble.*—The word *Semaphoric* should be written and signalled after the office of origin, *i.e.*, in the space marked "Service Instructions" on every telegram received from a ship at sea. When it is addressed to a ship at sea this instruction is not inserted

128. *Charges, etc.*—The charge for Semaphoric telegrams is the usual charge, *plus* a fixed fee of eight annas. In case of Semaphoric telegrams addressed to ships, the charges must be paid by the Sender; in case of such telegrams received from ships, the charges must be paid by the Addressee before delivery.

Press Telegrams.

129. *Rates.*—The following are the rates charged for Press telegrams :—

Class.	Unit No. of words	Unit rate	Each additional 5 words	Address.
		Rs. A. P.	Rs. A. P.	
Express	45	1 0 0	0 2 0	Free.
Ordinary	45	0 8 0	0 1 0	Do.

Multiple Press messages will be charged for as in Rule 111, whether all the Addressees are in the same town or not. The address in a Press telegram includes the name of the office to which the telegram is to be transmitted, the name of the correspondent, and the name and address (if necessary) of the Newspaper or News Agency.

130. Press telegrams at Ordinary rates are not accepted on Sundays and the four principal holidays, Christmas Day, New Year's Day, Good Friday and the King's Birthday.

131. *Conditions.*—A Press telegram to be accepted at Press rates must fulfil the following conditions:—

(1) It must be addressed to a newspaper or news agency, the name of which has been registered by the Director-General of Telegraphs. The official Gazettes published by the Government of India, by Provincial Governments and by Native States will not be registered under this rule.

A list of such registered newspapers or news agencies, is published in the *Telegraph Guide*. A news agency must on registration and annually thereafter submit to the Director-General of Telegraphs a list of its *bona fide* subscribers to whom it issues news. Applications for the registration of newspapers or news agencies should be made on forms to be obtained at Government Telegraph Offices.

(2) It must be addressed to the newspaper or news agency in accordance with its registered title, and to the town at which the newspaper or news agency is registered.

(3) It must, except as provided hereafter in Condition (5), contain only intelligence which is clearly intended for publication in registered newspapers. The news which a news agency receives and disseminates at Press rates may only be given to duly registered newspapers or other registered news agencies.

(4) It must be written in plain *English* so as to be intelligible to the transmitting Office and must contain nothing of concealed meaning either in Code language or Cipher. In Press telegrams ordinary English words may be abbreviated.

(5) It may also be a telegram sent from, or to, the newspaper or news agency by its registered title (but not in the name of the editor, publisher, manager, or any other person), to or from its correspondents or employés on the subject of a telegram published, or to be published, or to an official of the Telegraph Department on matters of Press business.

(6) If a Press telegram, be addressed to the editor, publisher, manager or any other person connected with the newspaper or news agency, by name or designation, it is chargeable at the full Inland rates.

(7) Whenever demanded, a copy of every newspaper in which a Press telegram is published must be furnished to the Telegraph Office from which that Press telegram was delivered.

(8) Long news messages should be broken up into pages of about 75 words each. All the pages must be numbered consecutively and each of them, except the last, should conclude with the words "*More to follow*" (or M. T. F.). The last page should conclude with the words "End of message." These words and numbers are not charged for. The name of the sender should be written at the top of each page, and the last word of each page should be repeated at the top of the next page. The interval between the handing in of the different pages should not exceed an hour. When this interval is exceeded, the pages handed in late will be treated as a fresh message and charged accordingly. In telegrams addressed to more than one newspaper or news agency, the full list of addresses need only be furnished with the first page, and each of the consecutively numbered pages will be considered to be addressed to all the newspapers and news agencies.

NOTE.—Attention is specially directed to the necessity of writing as legibly as possible, and it is recommended that whenever practicable, the copy should be written in ink and not in pencil.

(9) When a Press message is addressed to more than one office, a sufficient number of copies of the text should, when practicable, be supplied to allow of its being telegraphed simultaneously to each office. Information as to the number of copies required can always be obtained beforehand from the Telegraph office from which the news is to be sent.

(10) At least 8 hours' previous notice should, when possible, be given of the intention to send long news messages of a greater length than 1,000 words. This notice should be given to the Telegraph office at which the news will be handed in, together with the following particulars:—

(i) Time at which messages will be handed in;
(ii) length, and
(iii) addresses.

132. *Stops.*—In press telegrams, where the sense so often depends upon the punctuation especially in the case of long messages, full stops will be signalled free of charge, but this privilege will not be extended to other signs of punctuation.

133. The Press telegram rates apply only to telegrams which satisfy all the conditions of Rule 131, and any subsequent claim made by the Telegraph Department for the difference between Press and full Inland rates must be satisfied immediately on demand.

134. *Press telegrams accepted without prepayment.*—Press telegrams may be accepted without prepayment from correspondents, provided that any newspaper or news agency which may desire the facility obtains previous sanction from the Director-General of Telegraphs and deposits a sum of money in cash, or Government Promissory Notes, as detailed below:—

(a) *If the accounts are to be rendered monthly*, the equivalent of eight week's transactions subject to a minimum of Rs. 50.

(b) *If the accounts are to be rendered fortnightly*, the equivalent of six weeks' transactions subject to a minimum of Rs. 25.

The accounts for the messages sent without prepayment will be rendered by the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, and must be paid within one week of the date on which they are received.

135. *Railway Offices.*—Except in the case of such Railway Administrations as may be willing to accept Press messages for transmission within the limits of their respective Railways, when the wires are not occupied by telegrams on the business of the Railways, the Press Telegram Rules do not apply to Licensed Telegraph Offices. Press messages cannot be transferred from one telegraph system to another (Rule 14).

136. *Delivery.*—Press telegrams of either class are sent out for delivery as soon as received, by day or by night.

Records.

137. *Period of preservation.*—The originals of telegrams and documents relating to them are kept for three days only in Government Telegraph Offices, after which time they are sent to the *Check Office, Indian Telegraph Department, Calcutta*, where they are preserved for three months (except in the case of offices situated on the Frontier beyond Kashmir and on the extreme limits of Burma, the records of which are preserved for four months) from the month following that in which the telegram was handed in, and then destroyed.

138. *Secrecy.*—The originals or copies of telegrams can only be communicated to the Sender, or to the Addressee, after proof of identity, or to the authorised representative of either of them.

139. *Copies.*—The Sender or the Addressee of a telegram, or the authorised representative of either, has a right to be furnished with a certified copy of the original telegram or of the copy delivered at destination, on application to the Telegraph Office within three days, or to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, within the period of preservation (Rule 137). This right lapses after the expiration of the time fixed for preserving the records.

140. A fixed charge of four annas is made for every copy furnished in accordance with rule 139, if the telegram does not exceed 100 words. Over 100 words, this charge is increased by four annas for each 100, or fraction of 100 words.

141. Copies cannot be supplied unless the Senders, the Addressees, or their authorised representatives, furnish the necessary information to enable the telegrams to which their requests refer, to be found.

142. *Extended preservation.*—On the ground of pending or contemplated judicial proceedings, application may be made by an interested party to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, for the preservation of specified telegrams exchanged between other persons. Such application must be made within the period of preservation, and such telegrams will then be preserved for a period of three months beyond the ordinary date for destruction under Rule 137; at the expiration of this further period, they will, in default of a renewed application, be destroyed. It must be understood that the duty of the Telegraph Department in the matter is confined to making the search and preserving the telegrams, if found. No information as to the result of the search will be furnished, and any telegrams answering the description given, which may be found, will be produced only on the order of a competent Court of law or other competent authority.

143. *Fee for searching for telegrams.*—Should the particulars furnished be insufficient to enable the Check Office at once to trace the telegrams applied for under either Rule 139 or Rule 142, the cost of searching for them must be deposited by the applicant. A fee of one rupee is charged for searching through the telegrams of any Telegraph Office for one day: thus if it be required to examine the telegrams of two Telegraph Offices over a period of five days, the searching fee will be ten rupees.

Refunds.

144. *State telegrams.*—No refunds will, under any circumstances, be made for a State telegram of any class, except in the case of overcharge provided for in Rule 149.

145. *Private telegrams.*—Refunds of the following charges on private telegrams are made to those who originally paid them on receipt of an application for such refund, or of a complaint against the service:—

(*a*) The full charge paid for every telegram which, through the fault of the Telegraph service, has failed to reach its destination.

(*b*) The full charge paid for every *Express* telegram which has been subjected to serious delay through the fault of the Telegraph service.

(*c*) The full charge paid for every collated telegram (Rule 103) which, owing to errors made in transmission, has manifestly failed to accomplish its object, unless the errors have been rectified by paid Service Advice under Rule 44. No refund is granted for errors made in the transmission of uncollated telegrams.

In the cases provided for in clauses (*a*), (*b*) and (*c*) the refund applies only to the charge of the actual telegrams not delivered, delayed or mutilated, including the supplementary charges not utilised, but not to telegrams necessitated or rendered useless by such non-delivery, delay or mutilation—

(*d*) The full amount of every sum prepaid for a reply (Rule 93) when the Addressee has not made use of the Reply telegram form or has refused it (Rule 97), or, when the Reply telegram form has been used, the difference, if it be not less than eight annas, between the value of the Reply telegram form and the cost of the reply (Rule 95).

(*e*) The full amount of every sum prepaid for a reply to a telegram which has not been delivered (Rule 98). The Sender should forward with his application for refund—see Rule 142—the receipt granted for the original telegram, and the report of non-delivery received by him.

(*f*) The full charge for every telegram with prepaid reply which has manifestly been unable to fulfil its object owing to a service irregularity which warrants the return of the charges for the reply; also the full charges for every prepaid reply which has manifestly been unable to fulfil its object owing to a service irregularity which warrants the return of the charges for the original telegram.

(*g*) The supplementary charges pertaining to any special service which has not been rendered, as well as the charge for the corresponding supplementary instructions.

(*h*) The full charge paid for every paid Service Advice sent under Rules 44 and 45, if the repetition shows that the word or words repeated were transmitted incorrectly at first.

(*i*) The full charge for every other Paid Service Advice sent under Rules 44 and 45, necessitated by an error of the Telegraph Service.

(*j*) The value of excess stamps affixed by the Sender (Rule 74).

(*k*) The value of the stamps affixed to a telegram cancelled before transmission, less a fee of two annas (Rule 77).

146. No refund is made for the telegram which has given occasion to a request for correction, nor are any refunds made for rectifying or completing telegrams exchanged direct between the Sender and Addressee (Rule 45).

147. In case of a partial refund on account of a multiple telegram, the total charge collected is divided by the number of copies, and the quotient represents the charge appertaining to each copy, the telegram itself counting, in this respect, as one copy.

148. (1) Every claim for refund, and every complaint respecting telegrams, shall be addressed to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, within two months from the date of the telegram:

Provided that claims for refunds on account of Paid Service Advices (Rule 48) may be made to the Telegraph Departmental Offices and Combined Post and Telegraph Offices in charge of Head and Sub-Postmasters from which such advices were booked within three days from the date of the telegram.

(2) Every such claim and complaint shall be accompanied by documentary evidence, namely :—

(*a*) in case of non-delivery or of delay, by a written statement from the office of destination, or from the Addressee;

(*b*) in case of alteration or omission, by the copy of the telegram delivered to the Addressee;

(*c*) in case of an unused Reply telegram form (Rule 97), by the Reply telegram form delivered to the Addressee;

(*d*) in case of paid Service Advices (Rule 46) by the receipt for the repetition message and the correction memorandum granted in connection therewith by the Telegraph Office of delivery; and

(*e*) in case of telegrams stamped in excess by the Sender (Rule 74), or stamped and cancelled before transmission, has begun (Rule 77), by the receipt (Rule 69) granted for the telegram.

149. *State and Private.*—When no doubt exists as to an over-charge having been made on an Inland State or Private telegram by the mistake of an official at any Telegraph Office, the overcharge is to be at once refunded by such office (Rule 74).

SECTION III.

RULES FOR FOREIGN TELEGRAMS.

FOUNDED ON THE INTERNATIONAL TELEGRAPH CONVENTION.

Note.—The Articles and Regulations quoted in the margin denote the corresponding Rules in the International Telegraph Convention. Points not specifically provided for in these Rules are dealt with in the manner prescribed in the Convention.

GENERAL.

150. *Foreign telegrams* are those which are sent to, or received from, places beyond Indian limits. Such telegrams are subject to the regulations laid down by the *International Telegraph Convention*, to which the Government of India is a party. None of the parties to the Convention accept any responsibility on account of Foreign telegrams. (For tariffs and rates, see Rules 234 to 237).

152. *Legibility and forms.*—To secure accuracy and rapidity of transmission, senders of telegrams are advised to write them in a clear and unmistakable hand, and on the proper forms, which can be obtained free of charge at all Telegraph Offices (Rule 4). Telegrams written on plain paper are, however, accepted at all Offices.

Note.—Books containing 100 forms for Foreign telegrams can be purchased at the principal Government Telegraph Offices; price with counterfoils two annas, and without counterfoils one anna each.

152. *Offices where foreign telegrams are accepted.*—Telegrams for Ceylon are accepted at all Telegraph Offices in India, also at a few Postal Receiving Offices. Telegrams for other countries are accepted at all Government Telegraph Offices, also at a certain number of Railway Telegraph Offices.

153. Foreign telegrams are only accepted at Field Telegraph Offices when fully prepaid in postage stamps, and then at the Sender's risk.

154. Foreign telegrams, except for Ceylon, cannot be accepted at any Railway Telegraph Office at places where there is also a Government Telegraph Office.

Art. 7 and Reg. XLV, 1 and 2.

155 *Objectionable telegrams.*—The parties to the Convention reserve to themselves the right of stopping the transmission of any Private telegram which may appear dangerous to the security of the State, or contrary to the laws of the country, to public order, or decency. The Terminal or any Intermediate Office may exercise this control on condition of immediately advising the Office of origin. Telegrams intended for a re-forwarding agency referred to in Rule 190, and which have been wrongly accepted, must be stopped by the office of delivery.

Reg. XLV, 4.

156 Telegraph Offices in India are required to refuse to accept any telegram which appears to be of the above character. Should the character of a telegram be open to doubt the matter will be referred to a Secretary to Government, if the telegram be tendered at a seat of Government, or to the chief Civil or Military Officer if tendered at another place.

Art. 8 and Reg. XLV, 3.

157 Each of the Contracting Governments reserves to itself the right to suspend the International Telegraph service for an indefinite period, if it deem necessary, either generally, or only upon certain lines and for certain classes of correspondence.

158. *General Division.*—Telegrams are divided into four classes :— Art. 8.

(*a*) State (or Government) telegrams (Rule 192).
(*b*) Service telegrams (Rule 205).
(*c*) Private telegrams.
(*d*) Press telegrams (Rules 338 to 359).

In transmission, State telegrams take precedence of other telegrams, Service telegrams take precedence of Private telegrams, and Private telegrams take precedence of Press telegrams [Rule 334 (2)]. XXXII, 1.

WRITING AND ACCEPTANCE OF TELEGRAMS.

159. The text of telegrams may be in Plain or Secret language, the latter being sub-divided into Code or Cipher language. Each of these languages may be employed alone or conjointly with the others in the same telegram. All the administrations admit, in all their relations, telegrams in plain language. They may decline to forward or to receive for delivery private telegrams composed either wholly or in part in secret language; but they must allow these telegrams to pass in transit, unless the service be suspended. Art. 5 and Reg. VI, 1.

160. *Plain language* is that which offers an intelligible sense in one or more of the languages authorised for International telegraphic correspondence. The following are the languages authorised for Foreign telegrams in Plain language, subject to the conditions of Rule 173 :— Reg. VII, 1.

Annamite.	Finnish.	Japanese.	Rathesian.
Arabic.	Flemish.	Latin.	Servian.
Armenian.	French.	Malay.	Siamese.
Bohemian.	German.	Norwegian.	Slavonic.
Bulgarian.	Greek.	Persian.	Spanish.
Croatian.	Hebrew.	Polish.	Swedish.
Danish.	Hungarian.	Portuguese.	Turkish.
Dutch.	Illyrian.	Roumanian.	
English.	Italian.	Russian.	

161. Telegrams from India to Ceylon and *vice versa* may be in the Vernacular languages of India or Ceylon, or in any of the above languages.

162. In Private telegrams in any language other than plain English or the Vernacular languages of India or Ceylon, the Sender shall certify at the foot of the form (or at the back if more convenient) that the message does not contain combinations or alterations of words contrary to the usage of the language. (See Rule 230.)

163. By "*Telegrams in Plain language*" is understood those of which the text is written entirely in Plain language. Nevertheless, the presence of Code addresses, Exchange quotations, commercial marks, letters representing the signals of the International Code of Signals employed in maritime telegrams, of abbreviated expressions currently used in ordinary or commercial correspondence, such as *resp., fol., c/f, a/c, saf, sup., o/o, d/f*, or any other analogous expression, the meaning of which is understood in the country of origin, does not alter the character of a telegram in Plain language. Reg. VII, 2.

164. *Code language* is that which is composed of words which do not form intelligible phrase in one or more of the languages authorised for telegraphic correspondence in Plain language. Reg. VIII, 1.

165. The words, whether genuine or artificial, must be formed of syllables capable of pronunciation according to the current usage of one of the following languages:—*English, French, German, Italian, Dutch, Spanish, Portuguese* or *Latin*. Artificial words must not contain the accented letters á, a°, é, ñ, o, ü Reg. VIII, 2.

166. Codes intended for correspondence in Code language may be submitted to the Telegraph Administrations designated for the purpose, in order to allow those interested to obtain an assurance that the words contained in Codes fulfil the conditions of the preceding rule. In India, Code makers may submit their Codes to the Director-General of Telegraphs for submission to the Committee of Control.

167. Words in Code language must not contain more than ten characters according to the Morse alphabet (Rules 173 and 174), the combinations as, as, ao, ns, no, being counted as two letters each. The combination "ch" is also counted as two letters in artificial words. In Indo-Ceylon telegrams, the use of Vernacular words is admissible as Code. Reg. VIII, 3.

168. Combinations which do not fulfil the conditions of Rules 165 and 167 are considered, as belonging to letter cipher language, Rule 170 (2), and charged accordingly. Compounds composed of two or more words in plain language, combined contrary to the usage of the language are in no account admitted. (See also Rule 230, *et seq.*) Reg. VIII, 4.

169. In Private telegrams worded in Code language, the sender shall certify at the foot of the form (or at the back if more convenient) that the Code words are not combinations of two or more words in plain language contrary to the usage of the language.

170. *Cipher language* is that which is composed— Reg. IX, 1.

(1) Either of Arabic figures, of groups or series of Arabic figures having a secret meaning, or of letters (excluding the accented letters, á, é, a°, é, ñ, ó, ü), groups or series of letters having a secret meaning.

(2) Of words, names, expressions or combinations of letters not fulfilling the conditions of Plain language (Rules 160 to 163) or of Code language (rules 164 to 167).

171. The employment in one group of figures and letters having a secret meaning is not admitted. It is desirable to avoid the use of Letter ciphers, as far as possible, as it is less easy to transmit than pronounceable groups of letters, and is, therefore, more liable to error. In cases where it is necessary to employ letter cipher it should be arranged in groups of five letters in order to facilitate transmission. Reg. IX, 2.

172. The groups referred to in Rule 168 are not considered as Letter cipher, *i.e.*, as letters having a secret meaning. Reg. IX, 3.

Reg. X, 1. 173. *Characters.*—Telegrams must be legibly written in characters which have their equivalents in the official table of telegraph signals, and which are in use in the country where the telegram is presented.

Reg. X, 2. 174. The following are the characters in use in India:—

(*a*) *Letters.*

A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z.

Reg. XXXI. Except in Code and Cipher language, the combination "Ch" counts as one character of the Morse alphabet; so also do the twin vowels "ae", "ao", "ao", "oe", and "ue", commonly used to represent the continental modified vowels ä, ü, ö, o and ö.

(*b*) *Figures.*

1, 2, 3, 4, 5, 6, 7, 8, 9, 0.

There are no telegraphic signals for Roman numerals, such as I, II, etc.

(*c*) *Signs of Punctuation, etc.*

Reg. X, 2. Full stop (.), Comma (,), Semicolon (;), Colon (:), Note of interrogation (?), Note of exclamation (!), Apostrophe ('), Hyphen or dash (-), Brackets or signs of a parenthesis ( ), Inverted commas (" "), Bar of division (/), Underline.

Reg. X, 3. 175. *Erasures, etc.*—Every interlineation or insertion, reference, erasure, or re-written word must be authenticated by the Sender or by his representative.

Reg. XI. 176. *Parts of a telegram.*—The different parts forming a Foreign telegram should be written in the following order:—

(*a*) Special Instructions (Rules 177—179).
(*b*) The Address (Rules 180—184).
(*c*) The Text (Rule 195).
(*d*) The Sender's name (Rule 196).

Reg. XII, 1. 177. *Special instructions.*—The Sender should write upon the form, in the place provided for the purpose, each of the Special Instructions prescribed in Rule 174 (*d*) as he may desire to make use of.

Reg. XII, 2. 178. In the case of a Multiple telegram the special Instructions which concern each Addressee should be written immediately before his name; but in the case of a collated Multiple telegram it is sufficient if the Special Instruction for Collation (Rule 286) precedes the first Address.

Reg. XII, 3. 179. Special Instructions may be written in the abbreviated forms allowed in Rule 174(*d*). In this case the counting clerk should place each of them between double dashes, thus:—"= RPx = T. C., =", and so written they are counted each as one word only [Rule 216 (8)]. When they are written in plain language, they should be in *French*.

Reg. XIII, 1. 180. *Address.*—Every Address must contain at least two words, the first designating the Addressee, the second indicating the name of the Telegraph Office of destination. The latter should be spelt as in the *Official List of Offices* (*Nomenclature des bureaux télégraphiques*—see Rule 218).

Reg. XIII, 2. 181. The Address must contain all the particulars necessary to ensure the delivery of the telegram to the Addressee. These particulars, with the exception of names of persons, should be written in *French* or in the language of the country of destination.

Reg. XIII, 3. 182. The Address of Private telegrams must be such that delivery to the Addressee can be effected without search or enquiry.

185. For large towns, the name of the street and the number of the house must be given, or, in the absence of these particulars, the profession of the Addressee or any other relevant information. Reg. XIII, 3.

184. Even for small towns, the name of the Addressee must, if possible, be accompanied by additional particulars to guide the office of destination in effecting delivery. Reg. XIII, 3.

185. When a telegram is addressed to one person care of another, the Address must contain, immediately after the name of the real addressee, one of the indications "*chez*," "*aux soins de*," "*c/o*," "*with*," "*care of*," or any other equivalent. Reg. XIII, 4.

186. The name of the telegraph office of destination must be placed after the words in the address which serve to designate the addressee and, when given, his place of residence. It must be written as it appears in the first column in the Official *Nomenclature* of offices. This name can only be followed by that of the country or of the territorial sub-division, or by both of them. In the latter case it is the name of the territorial sub-division which must immediately follow that of the Telegraph Office of destination. Reg. XIII, 5.

187. When the name of the Office of destination has not yet been published in the Official *Nomenclature* the sender must complete the address by the name of the country or of the territorial sub-division, or by any other information which he considers sufficient for the forwarding of his telegram which, however, is only accepted at the sender's risk. This rule applies to the office of origin also. Reg. XIII, 6.

188. *Telegraph offices in the neighbourhood of London.*—In telegrams addressed to telegraph offices in the neighbourhood of London, the names of which appear in the Official List of Offices (Rule 180), it is not necessary to add the word London to the Address. Telegrams for places in London itself, the names of which do not appear in the Official List of Offices (Rule 180), cannot be accepted unless addressed *London* as the name of the Terminal Office.

189. *Insufficient address.*—Telegrams, the Addresses of which do not satisfy the conditions laid down in Rules 180 and 187, are refused. Reg. XIII, 6.

190. Telegrams addressed to a telegraph reforwarding agency, which is known to be organised for the purpose of evading payment of the full rate chargeable for the transmission of telegrams without intermediate retransmission between the office of origin and their ultimate destination, are not accepted. Reg. XIII, 7.

191. In all cases of insufficient address, telegrams must only be accepted at the Sender's risk, if he persist in demanding transmission. Reg. XIII 10.

192. In all cases the Sender has to bear the consequences of an insufficient Address. Reg. XIII, 11.

193. *Abbreviated addresses.*—The Address may be written in an abbreviated form. But the right of an Addressee to have a telegram thus addressed delivered to him is subject to an arrangement made between such Addressee and the Telegraph Office which has to deliver the telegram. For conditions for the registration of Abbreviated Addresses in India, see Rule 82. Reg. XIII, 7.

194. Registered Abbreviated Addresses are treated as Plain language (Rule 221) when occurring in the *Address*, or as the *Sender's name*, in both Plain and Code language telegrams, and also in the *text* of Plain language telegrams. When in the *text* of a Code language telegram, they are treated according to Rule 226.

195. *Text.*—The text of a telegram may be omitted. Reg. XIV, 1.

196. *The Sender's name* is not obligatory: it may be written by the Sender in an abbreviated form in customary use, or replaced by a registered Address. Reg. XIV, 2.

197. *Signature.*—The true Signature and Address of the Sender (which are not charged for or transmitted) must always be written at the foot of the telegram. In the case of telegrams from a mercantile firm, if the name of the firm is written, it will be accepted, but if stamped, it must be attested by the signature, or initials, of a responsible member of the firm.

198. The Sender of a Private telegram is bound to prove his identity, if requested to do so by the office of origin. Reg. XIV, 3.

State Telegrams.

199. *Definition.*—State (or Government) telegrams are generally defined in the International Telegraph Convention to be those which emanate from the Chief of the State, Ministers, Commanders-in-Chief of Land or Sea Forces and Diplomatic or Consular Agents of the Contracting Governments; as well as the replies to such telegrams. Art. 6.

200. *From British officials.*—The only British Government Officials in India who are allowed to send Foreign State telegrams are those who have been specially authorised to do so by the Government of India. A complete list of these Officials is published in the *Telegraph Guide*. Foreign telegrams classed State, tendered by Officials not named in that list, will be treated as Private telegrams. State Telegrams to Ceylon will, however, be accepted from all British Government Officials. Reg. XV, 1.

201. *Replies to State telegrams.*—The right to send a reply as a State telegram is established by the production of the original State telegram. Reg. XV, 2.

202. *From Consular Agents.*—Telegrams from Consular Agents engaged in commerce are only considered as State telegrams, when they are addressed to State Officials, and are connected with the business of the State. Nevertheless, telegrams which do not fulfil the here-named conditions are accepted by the offices and transmitted as State telegrams, but these offices immediately report them to their own Administration. Reg. XV, 3.

203. *Language.*—The text of State telegrams may in all circumstances be composed of Secret language. State telegrams which do not fulfil the conditions of Rules 160 to 172 are not refused, but are notified by the office which discovers the irregularities to its own Administration. Reg. XV, 4 and 5.

204. State telegrams when they are written wholly or partly in Secret language (Code, or Figure or Letter-cipher), are repeated in their entirety by the Receiving Office in the same manner as is done with Collated telegrams (Rules 283 and 284). Reg. XV.

Service Telegrams.

Art. 6 Reg. XVI, 1. 205. Service telegrams are those which emanate from the Telegraph Administrations of the Contracting States and which relate, either to the International Telegraph service, or to objects of public interest agreed upon between the said Administrations.

Reg. XVI, 2. Service telegrams are divided into Service telegrams properly so called, and Service Advices. All Service telegrams are transmitted free, except in the cases specified in Rules 206 to 208

Paid Service Advices.

Reg. XVII, 1. 206. The Sender and Addressee (or the authorised representative of either of them) of any telegram already transmitted, or in course of transmission, may during the period of preservation of records (*see* Rule 340) and after they have proved, if necessary, their right and identity, cause enquiry to be made, or instructions to be given, respecting such telegram by telegraph. They may also, in order to make or obtain corrections, cause a telegram which they have sent or received to be repeated, entirely or in part, by the Office of destination or by the Office of origin or by a transit office. In all such cases, they have to deposit the following amounts :—

(*a*) the cost of the telegram making the request;
(*b*) the cost of a telegram for the reply, if a reply by telegraph is necessary.

Reg. XVII, 1. 207. In case of a repetition asked for by the Addressee, he must pay the full charge for each word repeated.

Reg. XVII, 3. Those which are sent at the request of the Addressee in order to obtain the repetition of a passage suspected to be erroneous imply always a telegraphic reply, and the insertion of the indication = RPx = is not necessary. In other cases in which a telegraphic reply is requested this indication must be employed.

Reg. XVII, 6 208. Rectifying, completing, or cancelling telegrams, and all other communications relating to telegrams already transmitted, or in course of transmission, when they are addressed to a Telegraph Office, must be exchanged exclusively between the Offices under the form of Paid Service Advices, at the cost of the Sender or the Addressee making the demand

Reg. XVII, 8. 209. The charges for the abovementioned Service Advices are refunded under the conditions fixed by Rule 343, when the Advices are necessitated by errors of the telegraph service.

Reg. XVII, 7. 210 When the words of which the repetition is requested are written in a doubtful manner, the Office of origin consults, in the first instance, the Sender If he cannot be found, the office of origin adds to the repetition a note : " Writing doubtful ".

Reg. XVII, 7 211. When the repetition concerns a telegram which has reached the Office of origin from the Sender by telephone, or by a private telegraph wire, that office requests at once from the Sender, a repetition of the words in question. In this latter case, if one or more of the words thus repeated differ from those in the telegram, the office gives the repetition requested in accordance with the corrections made, but inserts after the text of the Service Advice, the indication CTP (*conforme taxe payée*, or retain charge paid) accompanied by an indication of the number of words rectified by the Sender, the charge for which must not be refunded, thus :—CTP one, CTP two, etc.

Reg. XVII 8. 212 The various communications mentioned above may be made by post through the agency of the Telegraph Offices of origin or destination. They are sent under registered cover at the cost of the person who makes the request, and who should, in addition, pay the cost of a reply by post when he demands one.

Counting of Words.

Reg. XVIII, 1. 213. *What is counted*.—All that the Sender writes upon the form to be transmitted to his correspondent, is charged for, and consequently included in the number of words. Nevertheless, dashes which only serve to separate upon the form the different words or groups of a telegram are neither charged for nor transmitted Signs of punctuation, apostrophes, and hyphens are only transmitted and, consequently, charged for on the formal request of the Sender.

Reg. XVIII, 1. 214. When signs of punctuation, instead of being used singly, are repeated one after the other, they are charged for as groups of figures : (Rule 195)

Reg. XVIII, 2. 215. Preamble.—The name of the Office of origin, the date and time of handing in, the instructions as to the Route, and the words, numbers or signs, which constitute the preamble, and are added by the Telegraph Office for official purposes, are not charged for; such of these particulars as reach the Office of delivery appear on the copy delivered to the addressee.

216. All telegrams are timed by Standard time which, in India is 5½ hours, and in Burma 6½ hours, in advance of Greenwich time.

Reg. XVIII, 3. 217. The Sender may insert the particulars referred to in Rule 215, wholly or in part in the *text* of his telegram, but in that case they will be charged for.

Reg. XIX, 1. 218. In all languages the following are each counted as one word :—

1. In the address :—

(*a*) The name of the Telegraph Office of destination when written as given in the first column of the Official Nomenclature of offices or *Nomenclature des bureaux télégraphiques* (Rule 180) and completed, if necessary, by the particulars also given in that column.

(*b*) The names of territorial sub-divisions, or countries respectively, if they are written as given in the said Nomenclature, or of their alternative names as given in its preface.

(*c*) Initial letters standing for pronames, Christian names, titles, etc. The joining together of such letters into groups is inadmissible.

2. In Telegraphic Money Orders, the name of the postal issuing office, the name of the postal paying office, and that of the locality where the payee resides.

3. Every Code word which fulfils the requirements of Rules 194 to 197.

4. Every isolated character, letter or figure as well as each sign of punctuation, apostrophe or hyphen, transmitted at the request of the Sender (Rule 213).
5. Underline.
6. Parenthesis (the two signs which serve to form).
7. Inverted commas, i.e., the two signs placed at the commencement and end of one and the same passage.
8. Special Instructions written in the abridged form authorised in Rule 174 (*d*).

219. *Plain language.*—If in telegrams in which the text is written entirely in plain language, any single word or authorised compound contains more than 15 characters according to the Morse alphabet, the excess is counted separately as one word. Reg. XIX, 3.

220. In Private telegrams in any language other than plain English, or the Vernacular languages of India or Ceylon, the Sender shall certify at the foot of the form (or at the back, if more convenient) that the message does not contain combinations or alterations of words contrary to the usage of the language. (See Rule 230.)

221. In Plain language telegrams, Registered Abbreviated Addresses (Rule 194), whether used as the Address (Rule 226), or in the place of the Sender's name, or occurring in the text, are always treated as words in Plain language and counted at the rate of 15 characters to the word.

222. *Code language.*—In Code language the maximum length of a word is fixed at ten characters, counted in accordance with the provisions of Rule 167. Reg. XIX, 4.

223. *Mixed telegrams.*—Words in Plain language inserted in the text of a mixed telegram, *i.e.*, a telegram composed of words in Plain language and words in Code language, must not contain more than ten characters according to the Morse alphabet and any excess is counted separately as one word in each case. Reg. XIX, 4

This rule applies also to proper Names, including Registered Addresses (Rule 194).

224. If the mixed telegram contains, in addition, Cipher language, the passages in Cipher are counted according to the stipulations of Rule 225. Reg. XIX, 4.

225. If the mixed telegram is composed only of passages in Plain language and of passages in Cipher language, the passages in Plain language are counted according to the stipulations of Rule 219, and the passages in Cipher language according to those of Rule 218. Reg. XIX, 4.

226. The Address or Sender's name in telegrams of which the text is written wholly or partly in Code language is charged according to the stipulations of Rules 218 and 219. Reg. XIX, 4

227. *Use of apostrophes and hyphens.*—Words separated by an apostrophe or joined by a hyphen are counted as so many separate words. Reg. XIX, 6.

228. *Figures, letter-cipher and commercial marks.*—Groups of figures or of letters, commercial marks composed of figures and letters, are counted as one word for each five figures or letters which they contain, *plus* one word for any excess. Each of the combinations, Ac, as, no, cc, ns and oh is counted as two letters. Reg. XIX, 7.

When Commercial marks form part of the text of a telegram the Sender should certify them to be such at the foot of the form.

229. *Signs used with figures or letters.*—Decimal points or full stops, commas, colons, dashes and bars of division, are each counted as a figure or a letter in the group in which they occur. This also applies to each letter added to groups of figures to form ordinal numbers, as well as to letters or figures added to the number of a house in an address, even in the case of an address in the text or in the signature (*i.e.* "Person From") of a telegram. Reg. XIX, 7.

230. *Combinations or alterations of words* contrary to the usage of the language are not admitted (Rule 168). The same applies to combinations or alterations sought to be concealed by reversing the order of letters or syllables. Nevertheless, the names of towns and countries, patronymics (family names) of one and the same person, the names of places, squares, boulevards, streets and other kinds of public places; the names of vessels, whole numbers, fractions, decimal or fractional numbers, written entirely in words and compound words admitted as such in the English and French languages and which can, if a question arises, be justified by reference to a dictionary, may be respectively written as single words without either apostrophe or hyphen (Rule 237). Reg. XIX, 8.

231. *Counting by Office of Origin decisive.*—The counting of words by the Office of origin is decisive both for purposes of transmission and of the international accounts. When, however a telegram contains combinations or alterations of one of the languages of the country of destination, or of a language other than those of the country of origin contrary to the usage of such language, the Office of destination is empowered to recover from the Addressee the amount of the under-charge. In this case the telegram is not delivered to the Addressee until he has paid the under-charge. If the Addressee should decline to pay, a Service Advice is sent to the office of origin, explaining the cause of non-delivery and mentioning the amount of the under-charge due. Should the Sender, duly notified of the reason for non-delivery, agree to pay the under-charge, a Service Advice is sent to the Office of destination, which then delivers the telegram. Reg. XIX, 9.

In applying this Rule in India the language of the country is considered to be *English, French* or *Portuguese*, and in the case of telegrams addressed to certain offices in Persia, *Persian*. The Rule applies also to the Vernaculars in case of telegrams from Ceylon (Rules 161 and 167).

232. *Inadmissible groups or words.*—When the Office of origin discovers, after the charge has been collected, that a telegram contains either inadmissible combinations or alterations of words, or expressions or words which, although not fulfilling the conditions of Plain or Code language, have been charged for as belonging to those languages, it applies to these expressions or words, for the calculation of the undercharge to be recovered from the Sender, the rules to which they should have been respectively subjected. The combinations or alterations are counted in accordance with the number of words which they would contain if they were written in the usual manner. The Office of origin acts in the same manner when the irregularities are brought to its notice by a transit office or Office of destination. Nevertheless, neither of these two latter offices may delay the forwarding or delivery of the telegram, except in the case provided for in rule 231. Reg. XIX 10.

† The telegraph is not able to reproduce such expressions, as 30n, 15 × 6, etc. Senders of telegrams must therefore replace them by the full explanation, thus :—*30 to the power n, 15 multiplied by 6* etc.

TARIFFS AND CHARGES.

234. *Tariffs.*—The franc is the monetary unit employed in Foreign Tariffs, and all accounts with Foreign Administrations are settled in gold. Charges in India are collected at the standard rate of Rs. 15=1£=25 Francs. The Tariffs for telegrams are made up of the shares of the different Administrations concerned, which may alter them from time to time. The Tariffs vary also according to the Route employed (Rules 246 to 250). Art. 10 and Reg. XXII Reg. XXVII, 5 and 6

235. *Charge by the word.*—The charge for a telegram is by the word pure and simple, and the minimum charge is for a telegram of two words (Rules 180, 185 and 196). Tables showing the rates per word to Foreign countries are published in the Telegraph Guide. Reg XXIII, 1

236. On telegrams to or from the Pilot Vessel at the Sandheads exchanged by the Wireless Telegraph system, a special fee of Re. 4 per telegram is levied, in addition to the usual rates per word shown in the tables referred to in Rule 235.

237. *Tariff Areas.*—For Tariff purposes India is divided into two areas, namely, India Proper and Burma. When in the course of transmission, a Foreign telegram has to traverse both of these areas, the charge per word is always two annas higher than when it has to traverse only one.

238. *Frontier offices.*—The Frontier Offices, or Offices which directly exchange telegrams with Foreign Administrations, are as follows:—

(a) Bombay, Karachi, and Madras in the Indian area, which exchange telegrams with the Eastern Telegraph Company, the Indo-European Telegraph Department, and the Eastern Extension, Australasian and China Telegraph Company, respectively. Madras and Bombay which work Colombo direct are considered the Frontier Offices for Ceylon;
(b) Moulmein and Rangoon in the Burma area, which exchange telegrams with the Siamese Administration; and
(c) Bhamo in the Burma area, which exchanges telegrams with the Chinese Administration.

All Foreign telegrams originating in India or Burma have to pass through one or other of these Frontier Offices.

239. *Prepayment of charges.*—The charges for telegrams must be prepaid with the exception of the additional charges on telegrams to follow (Rule 298), the charge for delivery by special messenger (Rule 310), Semaphoric telegrams received from ships (Rule 328) and extra charges for alterations or illegal combinations of words discovered by the Office of destination (Rule 231), all of which are recovered from the Addressee. Reg. XXIX, 1.

240. *Receipts.*—The Sender of a telegram can claim a receipt showing the amount paid. Senders of telegrams should examine their receipts to see if they are correct. Duplicate copies of receipts for telegrams are never given. Reg. XXIX, 2.

241. *Recovery of hearing and other charges from addressee.*—In every case where charges have to be collected on delivery, the telegram is only handed to the Addressee upon payment of the amount due. Reg. XXIX, 4.

242. *State telegrams.*—The Rule about prepayment (Rule 239) is relaxed in case of State telegrams of great emergency from British Government Officials who have been duly authorised (Rule 200) to send Foreign State telegrams. Whenever a telegram is sent without prepayment under this Rule, the Sender must take the necessary steps to ascertain the charges on it, and pay them into the Telegraph Office within twenty-four hours.

243. *Cash or stamps.*—At Offices authorised to accept Foreign telegrams, the charges must be paid in cash or stamps (see Rule 84). At Departmental Telegraph Offices, telegrams can be accepted on the Deposit Account system. (For particulars—see Rule 65).

244. *Under-charges* made in error, and charges and expenses not recovered from the Addressee in consequence of his refusal to pay them, or the impossibility of finding him, must be made good by the Sender, except when the rules provide otherwise (see Rule 299). Reg. XXX, 1.

245. *Over-charges* made in error are returned to those entitled to them. No refund, however, is made of the value of the stamps in excess affixed by the Sender, unless he applies for it to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, and sends with his application the Receipt granted for the telegram. Reg. XXX, 2.

ROUTE.

246. The different Routes by which telegrams may be transmitted are indicated by concise directions in the Tariff Tables published in the *Telegraph Guide*. Reg. XLI, 1.

247. The Sender who wishes to prescribe the Route should write the corresponding direction on the telegram. The Sender may specify the actual Route to be followed or mark the telegram *Best Route* or *Cheapest Route*. Indications as to Route are transmitted free (Rule 215). Reg. XLI, 2.

248. When the Sender has prescribed the Route to be followed, the Telegraph Offices concerned are bound to carry out his wishes, unless the Route named be interrupted, or transmission by it seems likely to involve serious delay, in which case the Sender cannot raise any objection to the employment of another Route. Reg. XLI, 3.

249. If, on the contrary, the Sender does not prescribe the Route, the telegram is sent by the best working route for which sufficient charges have been received. Where the charges are the same, the Offices where Routes diverge will decide by which to forward the telegram. Reg. XLI, 4.

250. When the forwarding of a telegram can be effected by several routes belonging exclusively to the same Administration, it rests with that Administration in the case of private correspondence, to decide, in the best interests of Senders, in which direction the telegram shall be forwarded over its lines. The Senders cannot, in this case, request specially the employment of one of the routes in question. Reg. XLI, 6.

INTERRUPTION OF TELEGRAPHIC COMMUNICATION, TRANSMISSION IN DUPLICATE.

R. XLII, 1. 251. When an interruption to the regular means of telegraphic communication occurs during the transmission of a telegram, the office beyond which the interruption exists, or an office situated further back and having at its disposal an alternative telegraph route, immediately sends the telegram by such a route, or, failing that, by special messenger or by post (*registered*, if possible).

252. If it is found that a telegram cannot be sent to its destination owing to interruption of the specified route taking place after the telegram was accepted, the Sender will be communicated with and asked to pay the additional charge if he wishes his telegram diverted to a more expensive route.

R. XLII, 2. 253. An office which has recourse to means of retransmission other than telegraphic addresses the telegram according to circumstances, either to the nearest telegraph office able to retransmit it, or to the office of destination, or to the addressee himself, when the retransmission takes place within the limits of the State of destination. As soon as communication is re-established, the telegram is transmitted afresh by telegraph, unless its receipt has been previously acknowledged, or unless, on account of an exceptional accumulation of traffic, this retransmission would be manifestly prejudicial to the general service.

CANCELLATION OF A TELEGRAM AT THE REQUEST OF THE SENDER.

R. XLIV, 1. 254 *Before transmission.*—The Sender of a telegram or his authorised representative can, on proving his identity, stop its transmission, if in time.

R. XLIV, 2. 255. When he cancels it before transmission has begun the charges are returned, less a fee of two annas.

256. If the stamps have already been defaced, the refund can be made only by the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, to whom the Receipt should be sent with an application for refund.

R. XLIV, 3. 257. *After transmission.*—If the telegram has been transmitted by the Office of origin the Sender can only request that it be cancelled by a Paid Service Advice, forwarded in accordance with Rule 206 and addressed to the office of destination. The Sender must pay, at his option, the cost either of a telegraphic or of a postal reply to the notice of cancellation. So far as is practicable, this Service Advice is transmitted successively to the Offices through which the original telegram has transited until it overtakes the latter. Failing contrary indication in the Service Advice if the telegram has been delivered to the Addressee, he is informed of the cancellation of the telegram. The Office which cancels the telegram, or which delivers the notice of cancellation to the Addressee advises the Office of origin accordingly. The information is given by telegraph if the Sender has paid for a telegraphic reply to the notice of cancellation; in the contrary case it is sent by post as a paid letter. If the telegram is cancelled before having reached the Office of destination, the charges for the original telegram, for the Service Advice of cancellation, and for any telegraphic reply prepaid to such Advice in respect of the distance not traversed, will be refunded to the Sender on application to the *Superintendent Check Office, Indian Telegraph Department Calcutta*.

DELIVERY AT DESTINATION.

R. XLVI, 1. 258. *According to address.*—Telegrams are delivered according to their Address either at the residence of the Addressee or *Poste restante* or *Télégraphe restant* (Rules 262, 273 and 274).

R. XLVI, 2. 259. *Order.*—Telegrams are in all cases, delivered at, or sent to, their destinations in the order of their receipt.

R. XLVI, 3. 260. *Free delivery limits.*—Telegrams addressed to a place of residence within the delivery limits of the Telegraph Offices are at once taken to their Address. Telegrams bearing the Special Instruction *Jour* or *Day* [Rule 174 (*d*)] are not however delivered during the night. Those which are received during the night are only obligatorily delivered at once when they bear the instruction "*Nuit*" or "*Night*", or when the delivery office is in a position to recognise that they appear to be really urgent. In India, Foreign telegrams are classed as "Express" and are delivered at any hour of receipt, provided the office of destination is open for traffic at the time. They are delivered free of charge within five miles of a Telegraph Office. Beyond that limit, the post is employed, without charge, unless a special means of delivery has been paid for by the sender, or requested by the addressee [Rule 319 (*a*)].

261. *Reply given to messenger.*—In India, the telegraph messenger who delivers a telegram may be entrusted with the reply, provided he be not detained for this purpose more than five minutes. The fact of the reply having been given to the messenger and the amount paid to him should be mentioned on the receipt signed for the telegram.

R. XLVI, 4. 262. *Delivery by post.*—Telegrams which have to be deposited at the Post Office, *i.e.*, *Poste restante*, or =GP=, (or *Poste restante recommandée* or=GPR=) are sent immediately to the Post Office by the Telegraph Office of destination under the conditions fixed by Rules 317 and 318. In India, all Foreign telegrams which have to be posted to destination are posted as registered letters.

R. XLVI, 5. 263. *Delivery on ships.*—Telegrams addressed to passengers on board a vessel arriving at a port are delivered, if possible, before disembarkation.

264. When a telegram in India has to be delivered on board a ship which cannot be reached without a boat (*i.e.*, when not alongside a wharf, pier or jetty), or at a place which cannot be reached without a boat, the cost of boat hire must be paid by the addressee (Rule 310).

265. On telegrams to Ceylon addressed to persons on board ships in Ceylon ports, the sender must prepay twelve annas for boat hire. He should write the abbreviation=XP= (which is counted and charged as one word) in the space provided on the form to indicate that boat-hire has been prepaid (Rule 315).

266. *Persons to whom telegrams may be delivered.*—A telegram taken to the addressee's place of residence may be delivered either to the addressee the adult members of his family, any person in his service, to his lodgers or guests, or to the porter of the hotel or house, unless the addressee has named the Special Instruction *Mains propres* or "Addressee only" or = [Rule 174 (*d*)], that the telegram be delivered only into the hands of addressee himself. In this case the office of destination writes the instruction "*addressee only*" in full on the envelope, and gives the necessary instructions to the messenger. Reg. XLVII, 1 Reg. XLVII, 2

267. *Open delivery.*—The sender may also request that the telegram be delivered open, by writing in the space provided on the form the Special Instruction *Ouvert* or "Open" [Rule 174 (*d*)]. This request is reproduced on the copy handed to the addressee, which is delivered, in India, without an envelope, simply folded with the address written on the back. Reg. XLVII, 3

268. *Undelivered telegrams.*—When a telegram cannot be delivered, the office of destination, after a brief delay, sends a service advice to the office of origin, stating the cause of non-delivery and repeating the address exactly as received. If necessary, this advice is completed by stating the reason for refusal (Rule 231), or by indicating the charges to be claimed from the sender [Rules 236, 299 and 311]. No advice is sent under this rule where a telegram duly posted under Rule 320 is returned by the Post Office as undelivered or on telegrams addressed *To await arrival, Télégraphe restant or Poste restante*, except when a charge has to be collected, when the service advice of non-delivery is sent by ordinary paid letter at the expiration of the period for retaining such correspondence. Reg. XLVII, 3

269. The office of origin verifies the correctness of the address, and, if it has been mutilated, rectifies it immediately by a service advice. If required this service advice contains instructions necessary to correct any errors committed, such as, "send on to destination," "cancel telegram," etc. Reg. XLVII, 4

270. If the address has not been mutilated, the office of origin communicates the notice of non-delivery to the sender, whenever possible. A notice of non-delivery is duly retransmitted by telegraph if the sender of the original telegram has asked that his telegrams may be redirected to him by telegraph (Rule 299). In all other cases the notice is redirected by post in the form of a letter, if the sender is known. In India, advices of non-delivery which are to be posted are posted free of charge. The receiver of a notice of non-delivery can only complete, rectify or confirm the address of the original telegram by a paid telegram in the form of a paid service advice (Rule 208). Reg. XLVII, 5

271. If it becomes possible to deliver a telegram after transmitting an advice of non-delivery without having received one of the rectifying advices referred to in Rules 269 and 270, the office of destination sends a second service advice to the office of origin, stating that the message has been delivered. This information is communicated to the sender if he has received a notice of non-delivery. This second advice is not sent when delivery is notified by telegraphic acknowledgment of receipt (Rule 290). Reg. XLVII, 6

272. If the messenger finds no person who will consent to receive the telegram for the addressee, a notice is left at the address given and the telegram is taken back to the Telegraph Office to be delivered to the addressee, or any person authorised by him to take delivery of it, upon application from either. When the addressee advised as in the previous rule of the arrival of a telegram, does not take delivery within 24 hours, non-delivery is reported in accordance with Rule 268. Reg. XLVII, 7 Reg. XLVII, 8

273. *Télégraphe restante.*—When a telegram is addressed *télégraphe restante*, it is delivered to the addressee or his duly authorised representative, over the telegraph counter. Reg. XLVII, 9

274. *Poste restante.*—Telegrams addressed *Poste restante*, and those which are to be delivered by post are, as regards delivery and period of preservation, subject to the same rules as postal correspondence. Reg. XLVII, 10

275. Any telegram which cannot be delivered to the addressee within a period of forty-two days from the date of its receipt at the delivery office is, subject to the provisions of Rules 271 and 332, not kept by the office of destination. Reg. XLVII, 11

278. *Directions about delivery.*—For the registration of standing instructions regarding the delivery of telegrams during fixed hours, the same fee as for the registration of an abbreviated address is levied (*vide* Rule 32). If the fee for a registered abbreviated address has already been paid, that fee will cover the registration of special delivery instructions. In the case of Government officials, no charge is usually made for the registration of abbreviated addresses, but they will be required to pay the prescribed fee for the registration of standing instructions regarding the delivery of telegrams during fixed hours.

SPECIAL TELEGRAMS.

(*A*) *Prepaid Replies.*

277. The sender of a telegram can prepay the reply which he requests from his correspondent, by writing on the form in the space provided, the Special Instruction *Réponse payée* or reply paid or = RP =, and adding the number of words he wishes to prepay thus: *Réponse payée x*, or reply paid *x* or = RP*x* =. The charge for the reply is calculated on the supposition that it will follow the same route as the original telegram. Reg. XLIX.

278. A reply of less than two words cannot be prepaid (Rules 180, 196 and 196). Reg. L, 1.

279. At the place of destination the Delivery Office delivers to the addressee a Reply telegram form or voucher of a value corresponding to the cost of a telegram of a number of words equal to that given in the Special Instructions, intended for the office of origin of the reply paid telegram and to be sent by the same route as the latter. This Reply telegram form carries the right of sending, within the limit of its value, a telegram to any destination whatever, from any telegraph office of the Administration whose office has issued the Reply telegram form or voucher. Two or more Foreign Reply telegram forms may be used to frank one Foreign telegram, but one Reply telegram form may not be used to frank two or more telegrams.

280. If the reply exceeds the amount notified in the Reply telegram form, the difference must be paid in cash or stamps by the Sender of the reply. If, on the other hand, the amount notified in Reg. L, 2.

the Reply telegram form exceeds that of the reply, the difference is refunded by the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, to the Sender of the original telegram, if he apply for it within three months from the date of issue of the Reply telegram form and provided that such difference is not less than ten annas. This refund is only made on the authority of the Administration which delivered the original telegram. If the telegram with deposit for reply originated in India, the refund of the unused portion is made to the Sender by the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*.

Reg. L, 3. 281. The Reply telegram form may only be used in payment for a telegram during a period of forty-two days following the date of its issue.

Reg. L, 4 282. When the Addressee has not made use of the Reply telegram form for any reason whatever or has refused it, the money deposited for the Reply can be refunded to the Sender under the conditions of Rule 268 (4). In case of a Reply telegram form delivered in India, the Addressee should, before the expiration of three months from the date of issue, send the Reply telegram form to the Check Office, as above, accompanied by a claim for refund in favour of the Sender.

Reg. L, 5 283. When, from any cause, a Reply paid telegram cannot be delivered, the Reply telegram form remains attached to the telegram during the period of retention fixed by Rule 275. At the end of this period, the Administration of destination will initiate the refund of the amount paid if not less than ten annas. The amount of the Reply telegram form is nevertheless refunded to the Sender if he apply for it before the expiration of this period. In this case, the delivery office cancels the Reply telegram form, and the telegram, endorsed accordingly, is preserved during the prescribed period (Rule 275).

(B) *Collated (or Repeated) Telegrams.*

Reg. LI, 1. 284. The Sender of a telegram can require that it be collated (or repeated). In this case he should write in the space provided on the form the Special Instruction *Collationnement* or "Collation" or = TC =.

Reg. LI, 2. 285. State and Service telegrams written in Secret language are invariably collated free of charge.

Reg. LI, 3. 286. Collation consists in the entire telegram (including the preamble) being repeated back immediately on its receipt by each Office concerned in its transmission.

Reg. LI, 4. 287. The charge for collation is equal to one-fourth of that of a telegram of the same length by the same Route, fractions of half an anna being reckoned as half an anna.

(C) *Acknowledgments of Receipt.*

Reg. LII, 1. 288. The Sender of a telegram can require that a notice of the date and time at which his telegram is delivered to the Addressee shall be notified to him as soon as possible after its delivery. When the telegram is forwarded to its final destination by post, deposited *poste restante*, or delivered to some intermediate agency, this notice mentions the date and time of such forwarding, deposit, or delivery.

Reg. LII, 2. 289. The notice is sent by telegraph if the Sender writes in the space provided on the form the Special Instruction *Accusé réception*, or "Acknowledgment receipt" or = *PC* =, and pays a charge equal to that of a telegram of five words for the same destination by the same Route. It is sent by post if the Sender writes in the space provided on the form the Special Instruction *Accusé réception postal*, or Postal Acknowledgment receipt, or = *PCP* =, and pays a charge of "4 annas for postage.

Reg. LIII, 1. 290. In the case of non-delivery provided for in Rule 268 the Acknowledgment of Receipt is preceded by the Service Advice required by that rule. The Acknowledgment of Receipt is detained during the period pre-cribed in Rule 275 or is transmitted after the delivery of the telegram, if that becomes possible. At the expiration of this period, if the telegram has not been delivered, the Administration of origin officially initiates the refund of the charge for the Acknowledgment of Receipt.

Reg. LIII, 2. 291. A Postal Acknowledgment of Receipt, contains the same information as a Telegraphic Acknowledgment of Receipt. It is sent by the office of delivery to that of origin in a prepaid envelope endorsed "*Accusé de réception*" or "Acknowledgment of Receipt."

Reg. LIII, 3. 292. The Acknowledgment of Receipt, telegraphic or postal, when it reaches the Office of origin of the telegram, is notified to the Sender. When the Acknowledgment of Receipt has reference to a telegram which has been re-addressed, the Office of origin recovers from the Sender, if necessary, the difference between the amount originally collected for the Acknowledgment of Receipt and the cost of the transmission actually effected. If the latter amount is less than the former by not less than ten annas the difference is refunded to the Sender at his request.

(D) *Telegrams to follow by order of the Sender.*

Reg. LIV, 1. 293. The Sender can require, by writing in the space provided on the form, the Special Instruction *Faire suivre*, or "To follow" or = *FS* =, that the Office of destination shall cause his telegram to follow the Addressee.

Reg. LIV, 2. 294. If the Sender of a telegram *Faire suivre* or "to follow" requests a Telegraphic Acknowledgment of Receipt, he must be warned that in the event of the telegram having to follow the Addressee beyond the limits of the country of destination, he will be liable to pay any sum that may be necessary to complete the cost of the Acknowledgment of Receipt according to the distance actually traversed, independently of any charges for re-addressing his telegram which may not have been collected on delivery.

Reg. LIV, 3. 295. When a telegram bears the Special Instruction *Faire suivre*, or "To follow" or = *FS* =, without further instructions, the Office of destination writes the new Address, if any, supplied at the residence of the Addressee and sends the telegram forward to its new destination. The same course is followed until the telegram is delivered or until no new Address is furnished.

296. If delivery cannot be effected, and if no other Address is furnished, the telegram is retained in the office and its non-delivery reported as in Rule 268. The Service Advice of non-delivery must show the amount of the charges to be recovered from the Sender. This Advice, when the non-delivery might have arisen through an error of transmission, must be sent through the last re-transmitting office in order that it may have an opportunity of making the necessary corrections. Reg. LIV, 4

297. If the Special Instruction *Faire suivre* or "to follow" or = *FS* = is accompanied by successive Addresses, the telegram is transmitted to each of the destinations mentioned until the last, if necessary. In case of non-delivery the last office treats it in accordance with the provisions of Rule 296. Reg. LIV, 4

298. The charge to be collected from the Sender for a telegram *Faire suivre* or "to follow" is simply the charge up to the first destination, all the Addresses being counted in the number of words charged for. The supplementary charges are collected from the Addressee. It is calculated by counting the number of words transmitted in each retransmission. Reg. LIV, 7

(E) Telegrams to be re-transmitted by order of the Addressee or his Agent.

299. *Telegrams re-directed in India.*—Should the Addressee of a Foreign telegram received in India have left the place to which it is addressed, it may be re-directed to a second address in India either by an official of the Telegraph Office or by an agent of the Addressee. When official re-direction of telegrams is required, a notice to that effect must be given to the Telegraph Office concerned; printed forms for the purpose can be obtained from the local Telegraph Office. The person giving re-direction if the two addresses are within the same town, but if in different towns, the full Inland Express rate will be charged for the re-direction. If the sum due has not been paid at the office where the telegram has been re-directed, the amount will be recovered from the Addressee before delivery. State telegrams will be re-directed free. Instructions left at the Telegraph Office regarding the re-addressing or re-direction of telegrams will be considered to be in force for a month only, after that period they will be liable to the fees prescribed by Rule 276. Reg. LV.

300. *Telegrams re-addressed to Ceylon.*—Foreign telegrams arriving in India may also be re-transmitted to Ceylon at the request of the Addressee or some responsible resident acting on the Addressee's behalf. In that case the full charge for the telegram from India to Ceylon will, when possible, be recovered from the Addressee. Requests for re-transmission must be made in writing, and anyone making such request must undertake to pay the charges which may not be collected by the Delivery Office. When no such undertaking accompanies a request to re-transmit, the telegram will be posted and the Sender advised. Telegrams returned unopened with a new Address in Ceylon will be similarly dealt with.

(F) Multiple Telegrams.

301. *A Multiple telegram* may be addressed, either to several persons in the same locality or in different localities served by the same Telegraph Office, or to the same person at several Addresses in the same locality, or in different localities served by the same Telegraph Office, if the special Instruction *x Adresses* or "x Addresses" or = *Télx* = [Rule 178 (*d*)], which enters into the number of words charged for be written in the space provided on the form (Rule 178). The name of the Office of destination appears only once, namely, at the end of the Address Reg. LVI, 1

302. In telegrams addressed to several addressees, the particulars concerning the place of delivery, such as Exchange, Railway station, Market, etc., must be written after each address or if they relate to several successive addresses, after the last of these addresses. Reg. LVI, 1.

303. If the address of a Multiple telegram contains any Supplementary Instructions, it is written in accordance with Rule 178. Reg. LVI, 2

304. For Multiple telegrams, in addition to the charge per word, a charge of five annas is collected for each copy not containing more than one hundred chargeable words. The number of copies is equal to the number of Addresses less one. Reg. LVI, 3.

305. For copies containing over one hundred chargeable words the charge is five annas per hundred words or fraction of hundred words. The charge for each copy is calculated separately, taking into account the number of words which it will contain. Reg. LVI, 3

306. In the case provided for by Rule 301 each copy of the Telegram must bear only the address which belongs to it, and except at the request of the sender the instruction "X addresses" or "X *adresses*" or = Tx = must not appear in it. This request must be included in the number of words charged for and be written before the address of each addressee whom it concerns, as follows:—*Communiquer toutes adresses* or "Communicate all addresses" or CTA=. Reg. LVI, 4.

(G) Telegrams to be delivered by Post or by Express.

307. *Post or Express.*—Telegrams addressed to places where there are no International Telegraph Offices may be delivered at destination, according to the request of the Sender either by Post or by special messenger, but delivery by special messenger cannot be demanded, except for those States which have organised a system of delivery more rapid than the Post and have notified to the other States the arrangements provided for such service (Rule 318). Reg. LVIII, 1

308. The sender may also request that his telegram may be sent by telegraph as far as an office which he indicates and thence by post to destination. Reg. LVIII, 2.

309. *The Address* of telegrams to be conveyed beyond the Telegraph lines must be preceded by the instruction denoting the method of conveyance to be employed whether Post or Special Messenger. Reg. LVIII, 3

310. The cost of conveyance beyond the delivery limits of Telegraph Offices by quicker means than the Post, in States where such a service is organised, is, as a rule, collected from the Addressee. (For exceptions—*see* Rules 312, 313, and 315.) Reg. LVIII, 5

312. When a telegram which bears the Special Instruction *Exprès* or "*Express*" and has involved expense is not delivered, the Office of destination enters in the Advice of Non-delivery referred Reg. LVIII, 3

to in Rule 268 the amount to be recovered from the Sender on this account thus, "POV....." (amount due for special service).

Reg. LVIII, 3

312. When the Sender desires to prepay the cost of delivery by special messenger and if he can himself indicate the amount to be collected under this head by the Telegraph Office of origin, the telegram must bear the Special Instruction (charged for) *Exprès payé x* or *Express paid x*—(or = *XP x* =). If the sum deposited is found to be insufficient, the difference is claimed from the Addressee, but, if it exceeds the actual cost, the difference is not refunded.

Reg. LVIII, 3

313. A Sender who does not know the cost of delivery by special messenger can relieve the Addressee from the payment of any charge whatever, either by paying the charge of a telegram of five words to the same destination by the same route, or by paying a fee of 2½ annas for postage, and by depositing in addition, by way of security, a sum to be fixed by the Office of origin with a view to subsequent settlement. The telegram then bears the Instruction *Exprès payé télégraphe* or *Express paid telegraph* or = *XPT* = or *Exprès payé lettre* or *Express paid letter* or = *XPT* =. This instruction is written in the space provided on the form and is charged for.

Reg. LVIII, 4

314. The Telegraph office which receives for delivery a telegram with the Instruction *Exprès payé télégraphe* or *Express paid telegraph* or = *XPT* =, notifies to the Office of origin by a Paid Service Advice, the charge to be collected for porterage. This information is given by a prepaid ordinary letter in cases where the Special Instruction is *Exprès payé lettre*, or *Express paid letter* or = *XPP* =. On receipt of this information the Office of origin settles with the Sender.

Reg. LVIII, 5

315. When the Administration of destination has previously fixed and notified the amount of porterage charges to be paid, payment by the Sender is obligatory. In this case the telegram must bear in the space provided on the form the Instruction *Exprès payé* or *Express paid* or = *XP* =, which is included in the number of words charged for (Rule 179), and there is no necessity for the Office of destination to report to the Office of origin the actual cost of delivery. When the Sender has paid the charges for delivery indicated, in certain cases, in the official Nomenclature of offices, the instruction to be employed is also *Exprès payé*, or *Express paid* or XP =.

316. All fixed charges for delivery notified by other Administrations are shown in Tariff Tables published in the *Telegraph Guide*.

Reg. LIX, 1.

317. *Employment of Post.*—Telegrams to be forwarded by post are subject to the following additional charges:—

(*a*) Telegrams to be delivered within the limits of the country of destination: those bearing the Instruction "*Poste recommandée*, or "*Post Registered*" or = PR = are subject to a fee of two annas to cover cost of registration.

(*b*) Telegrams to be re-forwarded to a country other than the country of telegraphic destination: the fee to be collected is 2½ annas or 1½ annas according to whether they bear the Instruction = *Poste* =, or *Port*; or *Poste recommandée* or *Post registered* or = PR =, respectively.

Reg. LIX, 2.

318. The Telegraph Office of destination is entitled to employ the post—

(*a*) In the absence of directions in the telegram as to the means of porterage to be employed;

(*b*) When the means indicated differ from the mode adopted and notified by the Terminal Administration (Rules 315 and 316); or

(*c*) When a charge for delivery by special messenger would have to be paid by an Addressee who has previously refused to pay such charges.

Reg. LIX, 3.

319. The employment of the post is obligatory upon the Telegraph Office of destination—

(a) When a request to this effect has been expressly made by the Sender (Rule 307), or by the Addressee (Rule 299). The Office of destination may, however, employ a special messenger even for telegrams bearing the Instruction = *Poste* = or Post, if the Addressee has expressed a desire to receive his telegrams by special messenger.

(b) When the office of destination has no more rapid means at its disposal.

Reg. LIX, 4.

320. Telegrams which have to be sent to their destination by post are posted by the Telegraph Office of destination without any charge being made to the Sender or Addressee, except in the cases provided for under Rule 317 (*a*) and (*b*).

321. All Foreign telegrams, which have to be posted to destination in India, are sent by post registered (Rule 242).

NOTE.—Foreign telegrams delivered by His Highness the Nizam's state are delivered in duplicate. The first copy is posted unregistered by the terminal telegraph office, and then that office telegraphs the second marked *duplicate*, to Hyderabad (1 annas), where it is posted registered through the British Post Office.

Reg. LIX, 6.

322. *Telegrams too late to be posted registered.*—When a telegram, to be forwarded as a registered letter, cannot immediately be registered, it is, in order to take advantage of a postal despatch, first posted as an ordinary letter, a duplicate being sent as a registered letter as soon as possible. This applies to all Foreign telegrams posted in India. The second copy will always be marked *Duplicate*.

(H) Semaphoric Telegrams.

Reg. LXI, 1.

323. *Semaphore telegrams* are telegrams exchanged with ships at sea by means of Semaphores established on the coasts of any of the Contracting States.

324. *Semaphore Stations.*—The following Telegraph Offices in India are Semaphore stations:—

Acheyer.	Diamond Harbour.	False Point Light-house.	Mud Point
Amherst.	Diamond Island.	Hooghly Point.	Sangor Island.
Budge-Budge.	Elephant Point.		

Reg. LXI, 2.

325. *Language.*—Semaphoric telegrams must be written either in the language of the country on which the Semaphore station which has to signal them is situated, or by means of groups of letters of the International Code of Signals.

328. *Address.*—When they are for ships at sea, the address must contain, in addition to the ordinary directions, the name or official number of the vessel for which they are intended and its nationality. Reg. LXI, 3.

327. *Preamble.*—Every semaphoric telegram received from a ship at sea must contain in the preamble the service instruction *Semaphorique* or "Semaphoric." When it is addressed to a ship at sea, this instruction is not inserted in the preamble.

328. *The charge* for telegrams exchanged with ships at sea by means of semaphores is fixed at ten annas per telegram. This charge is added to the cost of its transmission by the electric telegraph, calculated according to the ordinary rates. The total is collected from the sender, for telegrams addressed to ships at sea, and from the addressee for telegrams signalled from ships at sea (Rule 329). In the latter case, the instruction "POY" (which means *Percevoir* or Collect), must be inserted in the preamble. Reg. LXI, 4.

329. *Transmission.*—Telegrams from a ship at sea are transmitted to their destination in signals of the International Code of Signals, when the sending ship requests it. Reg. LXI, 5.

330. When such request has not been made they are translated into ordinary language by the Official of the semaphore station and transmitted to destination. Reg. LXI, 5.

331. *Period of retention.*—The sender of a telegram addressed to a ship at sea may specify the number of days during which the telegram is to be signalled to the ship by the semaphore station. In this case he should write in the space provided on the form the instruction "*x ...days*", (or *x ...hours*); specifying the number of days, which will include the day on which the telegram is handed in for despatch. Reg. LX, 4.

332. When the vessel to which a semaphore telegram is addressed does not arrive within the period indicated by the sender, or, in the absence of such indication, on the morning of the 20th day, the semaphore station advises the sender of it. The sender has the option of requesting, by paid telegraphic or postal service advice addressed to the semaphore station, that the latter should continue to offer his telegram for a further period of 30 days, and so on. When no such request is received, the telegram is destroyed on the thirtieth day excluding the day of depost Reg. LX, 4.

(*l*) *Combination of Special Telegrams.*

333. In applying Rules 277 to 332, the facilities given to the public for prepaid replies, collated telegrams, acknowledgments of receipt, telegrams "to follow," multiple address telegrams, and telegrams to be delivered by Post or by Express may be combined, the instructions in Rules 177 to 179 and 283 to 298 being duly observed. Reg. LXIII, 1.

Foreign Press Telegrams at reduced rates.

334. *United Kingdom.*—Telegrams containing news or intelligence for publication in newspapers are transmitted *viâ* Teheran or *viâ* Suez from the United Kingdom to India and Burma, and from Government Telegraph Offices in India and Burma to the United Kingdom, at reduced rates, subject to the following conditions, namely: Reg. LVII, 1.

(1) The newspapers, their correspondents or agents, shall address their telegrams to a registered newspaper, which shall be prohibited from selling, distributing or communicating such telegrams to clubs, exchanges or news-rooms, or disposing of them for any purpose whatsoever, directly or indirectly, other than for publication in registered newspapers.

(2) Telegrams at the reduced rate shall not be allowed to interfere with the transmission of telegrams at full rates, and in order to ensure this, the transmission of such news telegrams may be deferred, suspended, or interrupted, until any State or Private telegram, or any Press telegram at full rates, which may be on hand, shall have been transmitted and completed. On the lines of the Indian Telegraph Department such telegrams shall take precedence with Ordinary Inland telegrams.

(3) No telegrams shall be transmitted at the reduced rate except for publication in a newspaper, and they shall be written in plain *English*, *French* or *German* or in the plain language in which is published the newspaper to which they are addressed, so as to be intelligible to the transmitting offices. Telegrams containing news or information not for publication, or containing Code words or cifres. Telegrams containing news or information not for publication, or containing Code words or groups of letters or figures, or words of concealed meaning, shall be paid for at the full rates in force for Private telegrams. Stock Exchange and market quotations are admitted in Press telegrams at reduced rates. The Telegraph offices of origin shall, in cases of doubt, assure themselves in communication with the sender, who is bound to give proof, that groups of figures appearing in the telegrams really represent exchange quotations.

(4) Telegrams shall be accepted only from the authorised correspondent of a newspaper, and the news sent in such telegrams shall be duly published in the newspapers, or satisfactory reasons be given for non-publication, in the absence of which full rates will be chargeable.

(5) All Press telegrams at the reduced rates shall be prepaid, except under special arrangements made by an authorised newspaper for a specially nominated correspondent.

(6) The reduced rate for Press telegrams shall apply only when all the above conditions have been satisfied, and any subsequent claim made for the difference between the reduced and full rates shall be satisfied immediately on demand.

335. *Multiple Press telegrams.*—Press telegrams can only bear a single supplementary instruction,—that relating to multiple address telegrams. The charge to be collected for the copies to be made by the office of destination is the same as that for ordinary Private telegrams (Rules 304 and 305).

336. *How marked, etc.*—Press telegrams must be marked *Press* by the senders, and the benefit of Press rates must be claimed by them at the time the telegrams are tendered for despatch.

337. *Other places.*—On exactly the same conditions, Press telegrams can be sent to, or from, other places, in respect of which rates have been arranged and published in the *Telegraph Guide*.

338. Except as provided in the four last foregoing rules, Press telegrams to and from the above-named places at reduced rates come under the general rules for Private Foreign telegrams.

339. *Press Telegrams for Ceylon* are accepted at reduced rates under the same general rules and conditions as Inland Press telegrams (Rules 131 to 138). In other respects Press telegrams for Ceylon come under the general rules for Private Foreign telegrams.

RECORDS.

Reg. LXIX. 340. *Period of Preservation.*—The originals of telegrams and documents relating to them are kept for three days only in Government Telegraph Offices, after which time they are sent to the *Check Office, Indian Telegraph Department, Calcutta*, where they are preserved for at least ten months from the month following that in which the telegram was handed in, and then destroyed.

Reg. LXX, 1. 341. *Secrecy.*—The originals or copies of telegrams are only be communicated to the sender, or to the addressee, after proof of identity or to the authorised representative of either of them.

Reg. LXX, 2. 342. *Copies.*—The sender or the addressee of a telegram, or the authorised representative of either, has a right to be furnished with a certified copy of such telegram, or of the copy delivered at destination, if the latter has been preserved by the Administration of destination. This right lapses after the expiration of the time fixed for preserving the records.

Reg. LXX, 3. 343. A fixed charge of four annas is made for every copy furnished in conformity with Rule 342, if the telegram does not exceed 100 words. Over 100 words, this charge is increased by four annas for each 100, or fraction of 100 words.

Reg. LXX, 4. 344. Telegraph Administrations are not obliged to produce or give copies of the telegrams above mentioned, unless the senders, the addressees, or their authorised representatives, furnish the necessary information to enable the telegrams, to which their requests refer, to be found.

345. *Extended Preservation.*—On the ground of pending or contemplated judicial proceedings, application may be made by an interested party to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, for the preservation of specified telegrams exchanged between other persons. Such application must be made within ten months of the dates of the telegrams, and such telegrams will then be preserved for a period of four months beyond the ordinary date fixed for destruction under Rule 340; at the expiration of this further period they will, in default of a renewed application, be destroyed. It must be understood that the duty of the Telegraph Department in the matter is confined to making the search and preserving the telegrams, if found. No information as to the result of the search will be furnished, and any telegrams answering the description given which may be found, will only be produced on the order of a competent Court of law or other competent authority.

346. *Fees for searching for telegrams.*—Should the particulars furnished be insufficient to enable the Check Office at once to trace the telegrams applied for under either Rule 342 or 345, the cost of searching for them must be deposited by the applicant. A fee of one rupee is charged for searching through the telegrams of any Telegraph Office for one day; thus if it be required to examine the telegrams of two Telegraph Offices over a period of five days, the searching fee will be ten rupees.

347. Applications for the originals or for copies of telegrams may be addressed to the Telegraph Office within three days of the date of handing in or receipt of such telegrams or to the *Superintendent, Check Office, Indian Telegraph Department, Calcutta*, within ten months (Rule 340).

REFUNDS.

Reg. LXXI, 1. 348. *Refunds* of the following charges are made to those who have paid them, on receipt of an application for such refund, or of a complaint against the service:—

(*a*) The full charge paid for every telegram which, through the fault of the Telegraph service has failed to reach its destination.

(*b*) The full charge paid for every telegram stopped in transmission owing to interruption of a route and of which the sender has for this reason requested its cancellation.

(*c*) The full charge paid for every telegram which, through the fault of the Telegraph service, has either suffered a greater delay than it would have if sent by post, or which has not been delivered within 72 hours in the case of Private, or 36 hours in the case of State telegrams and paid Service Advices. The periods during which offices are closed, when that is the cause of the delay, and the time occupied in delivery by special messengers are not counted in calculating this delay.

(*d*) The full charge paid for every *Collated* telegram in Secret language or of any telegram in Plain language which, owing to errors made in transmission, has manifestly failed to accomplish its object, unless the errors have been rectified by Paid Service Advices under Rule 208.

(*e*) The supplementary charges pertaining to any special service which has not been rendered, as well as the charge for the corresponding supplementary instructions.

(*f*) The amounts deposited for Paid Service Advices requesting the repetition of a passage supposed to be incorrect if the repetition does not agree with the first transmission, with the reservation, however, that when some words have been correctly and some incorrectly transmitted in the original telegram, the charge for the words which relate exclusively to the words correctly transmitted in the first instance is not refunded. Nevertheless, the charge for the words correctly transmitted must be refunded, whatever may be the language in which the telegram is written, if the Administration concerned recognises that the mistakes made prevented the sense of the words which had not been mutilated from being understood.

(*g*) The full charge paid for every other Paid Service Advice, telegraphic or postal, sent under Rules 206 to 212, necessitated by an error of the Telegraph service.

(*h*) The full amount of every sum prepaid for a reply, when the addressee has not made use of the Reply telegram form or has refused it, and when before the expiration of *three* months from the date of issue this Reply telegram form is in the possession of, or has been returned to, the Telegraph Administration which granted it.

(*i*) The charges in respect of the telegraph section not traversed when, owing to an interruption of the telegraph route the telegram in question has been forwarded to its destination by post or by some other means. The charges incurred in replacing the original telegraphic route by any other means of transport are, however, deducted from the amount to be refunded.

(*j*) The full charges for every telegram with prepaid reply which has manifestly been unable to fulfil its object owing to a service irregularity which warrants the return of the charges for the reply; also the full charges for every prepaid reply which has manifestly been unable to fulfil its object owing to a service irregularity which warrants the return of the charges for the original telegram.

(*k*) The charge, when it amounts to four annas or more, of every word omitted in the transmission of a telegram, unless the error has been rectified by means of a Paid Service Advice under Rule 206.

(*l*) The difference between the amount of a Reply telegram form and the charge for the telegram prepaid by means of such Reply telegram form, if this difference is equal to two annas at least (Rule 270).

(*m*) The charge for every telegram stopped under Rules 155 to 167.

(*n*) The proportion of charge due for every telegram cancelled by the sender (Rules 254 and 257).

Reg. LXXI, 2.

349. In the case of a partial refund on account of a multiple telegram the total charge collected is divided by the number of copies and the quotient represents the charge appertaining to each copy the telegram itself counting, in this respect, as one copy.

Reg. LXXI, 3.

350. In the cases provided for in clauses (*a*), (*b*), (*c*), (*d*), (*i*) and (*k*) of Rule 348, the refund applies only to the charge of the actual telegrams not delivered, or which have been cancelled, delayed or mutilated, including any supplementary charges not utilised, but not to telegrams necessitated or rendered useless by such non-delivery, delay or mutilation.

Reg. LXXI, 4.

351. When the errors due to the Telegraph service have been rectified by means of Paid Service Advices under Rules 206 and 208 within the periods specified in Rule 348 (*e*) the refund applies only to the cost of these Paid Service Advices. No refund is due for the telegrams to which the Service Advices refer.

Reg. LXXI, 5.

352. No refund is made for receiving telegrams which, instead of being exchanged between Telegraph Offices in the form of Paid Service Advices, have been exchanged direct between the sender and addressee.

Reg. LXXI, 6.

353. Rules 349 to 352 are not applicable to telegrams traversing the lines of non-adhering Administrations which refuse to accept the obligation of Refunds. At the same time, the adhering Administrations which have participated in transmission give up their proportion of the charge when the right to a refund has been established.

Reg. LXXII, 1.

354. Every claim for refund must be made, under penalty of rejection, within five months from the date of handing in of the telegram.

Reg. LXXII, 2.

355. (1) Every claim for refund, and every complaint respecting telegrams should be made by the sender to the Telegraph Administration under which the telegram originated. Provided—

(*i*) that such application or complaint may also be presented by the addressee to the Administration of destination which will then decide whether it will deal with it, or whether it should be forwarded to the Administration of origin;

(*ii*) that in India all such applications and complaints should be addressed, except in the case mentioned in proviso (*iii*) below, to the *Superintendent, Check Office, Calcutta*;

(*iii*) that claims for refunds on Paid Service Advices [Rule 348 (*f*) and (*g*)] may, if made within three days from the date of the telegram, be presented at the Telegraph Departmental Offices and Combined Post and Telegraph Offices in charge of Head and Sub-Postmasters at which such advices were handed in.

(2) Every such claim and complaint shall be accompanied by documentary evidence, namely:—

(*a*) in case of non-delivery or of delay, by a written statement from the office of destination or from the addressee;

(*b*) in case of alteration or omission, by the copy of the telegram delivered to the addressee;

(*c*) in case of an unused Reply telegram form (Rule 282), by the Reply telegram form delivered to the addressee;

(*d*) in case of telegrams sent from India, by the Receipt (Rule 240);

(*e*) in case of Paid Service Advices (Rule 209), by the corrective memorandum granted in connection therewith by the Telegraph Office of delivery.

Reg. LXXII, 4, 5.

356. When a claim is admitted by the Administrations concerned, the refund is made to the applicant by the Administration of origin. The right to the refund lapses after a period of six months from the date of the letter by which the sender is informed that the refund has been granted.

Reg. LXXII, 5.

357. If the sender does not reside in the country where he handed in his telegram he can have his claim forwarded to the Administration of origin through the medium of another Administration. In this case the latter is deputed to make the refund, if need be.

358. No claim is admitted when a telegram not being in accordance with the conditions prescribed for observance by the public with regard to composition, language, legible writing, address, instructions for the conveyance of telegrams beyond the telegraph lines, etc., has been accepted for transmission at the sender's risk.

3. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the circumstance reported to the Commissioner.

(5) Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied as to the trustworthiness of his results*, he may be required to undergo a re-examination in any one or more of the subjects of the examination for which he appeared.

(6) *No candidate will, on any account, be allowed to take into the examination room slates, books, manuscripts or papers of any kind.* Any one detected in the violation of this rule, or having recourse to any similar practices, will be removed from the room, and the occurrence reported to the Commissioner.

(7) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(8) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued as their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(9) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(10) Any papers sent up without the candidate's name and number affixed will not be valued.

(11) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(12) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

REVENUE NOTIFICATIONS.

NOTIFICATIONS.

It is hereby notified under section 62 of Act I of 1902 (Madras) that the Edayakottai zamindari in Dindigul division, Madura district, has been restored to its proprietor on the 24th of September 1909, the zamindar having attained majority.

Madura Collector's Office,
28th September 1909.

J. G. BURN,
Collector.

In exercise of the powers conferred by sections 9 (*a*) and 41 of the Sea Customs Act and with the sanction of His Excellency the Governor of Madras in Council the Board of Revenue as Chief Customs authority is pleased to make the following rules for the clearance of petroleum imported into the Presidency :—

Petroleum is liable to a duty of one anna per imperial gallon on import, but petroleum which has its flashing point at or above 200° F., or at or above 150° F., and which is proved to the satisfaction of the Customs Collector to be intended for use exclusively for the batching of jute or other fibre, or for lubricating purposes in the former case, or intended for use exclusively as fuel or for some sanitary or hygienic purpose in the latter, may be passed at the reduced rate of 5 per cent *ad valorem* subject to the following conditions :—

(*a*) Importers desirous of clearing such petroleum will be permitted to do so on payment of duty on the whole consignment at the reduced rate of 5 per cent *ad valorem* and on executing a guarantee to render an account of the use made of the oil cleared from month to month and to pay the difference between 5 per cent. and the duty at one anna per imperial gallon on the quantity, if any, used otherwise than for any of the privileged purposes mentioned above during each month.

(*b*) The guarantee shall be in the form annexed to these rules and shall be executed on a five-rupee stamp paper.

(*c*) Payment of the differential duty, if any, shall be made monthly on demand.

(*d*) An account showing the quantities of petroleum imported and cleared at 5 per cent. and the issues made therefrom from time to time both for privileged as well as for purposes that are not privileged shall be maintained by the importers.

(*e*) An extract from the account in such form as may from time to time be prescribed by the Collector of Sea Customs, Madras, shall be submitted to him before the 3rd of the month following that to which the accounts relate.

(*f*) The importer shall also undertake that he will not sell petroleum which has entered at the rate of 5 per cent. except on the undertaking that the party to whom he sells it will keep a daily account of the purposes for which it is used and send a monthly abstract of the same for submission with the account above referred to, to the Collector.

(*g*) All accounts maintained under these rules and all premises in which petroleum which has paid duty at 5 per cent is used shall be open to inspection by such officers as the Collector of Customs shall from time to time depute.

(*h*) The concession granted under these rules may be revoked at any time without assigning cause or without giving notice to the concessionaire and whenever this is done the petroleum shall either be bonded or differential duty on the stock on hand paid at once.

(*i*) Any firm or person working under these rules shall furnish such security from time to time as shall be sufficient in the opinion of the Customs Collector to cover the amount which may at any time be due from them or him in respect of the duty and charges involved.

A

Form of guarantee.

In consideration of the permission granted to us to clear petroleum flashing at or above 150° F., that we may import from time to time at the reduced rate of 5 per cent *ad valorem* without satisfying the Collector of Sea Customs, Madras, that the petroleum is intended to be used for any of the purposes for which it is entitled to enter at this rate, we hereby undertake to maintain a stock* account showing the quantity of petroleum cleared by us from time to time and all the issues made therefrom and further to make no sale of such petroleum except on the understanding that the party using it shall keep similar accounts† showing from day to day the purposes for which it is used, which accounts together with the premises wherein the petroleum may be stored or used shall at all times be open to inspection and check with the actual stock of petroleum by any officer of Customs deputed for the purpose by the Collector of Sea Customs, Madras, and we undertake to furnish to the Collector of Sea Customs, Madras, before the 3rd of each month an extract from each of the accounts above referred to showing the stock on hand at the beginning of the month the quantity received and issues made during the month and notwithstanding anything contained in section 39 of the Sea Customs Act to pay on demand being made the difference between the duty at 5 per cent. *ad valorem* and the duty at one anna an imperial gallon on all petroleum disbursed for use or used for other purposes than those for which it is entitled to enter at 5 per cent *ad valorem* and also on all petroleum for the disposal of which we are unable to account to the satisfaction of the Collector of Sea Customs, Madras. We also undertake to see that no petroleum is issued for any of the purposes for which it

* Form B

† Form C

is entitled to enter at 6 per cent. *ad valorem* except on a written declaration filed with each indent by the party requiring the petroleum that it will be used for the purpose for which it is indented for and for no other and to pay the differential duty on all petroleum that may at any time be proved to have been used otherwise than for any of the privileged purposes. And we agree to deposit with the Collector of Sea Customs, Madras, such sum as he may from time to time require as security for the due observance of these conditions as well as of any rules that may hereafter be made touching the clearance of petroleum at the reduced rate of duty and to forfeit the same or such part of it as the said Collector of Sea Customs may adjudge on the occurrence of any breach of any such conditions or rules.

(4) Earnest-money will not be accepted as part of the security deposit, unless lodged in Government loan paper.

(5) No security or deposit which the tenderer may have furnished in connection with a previous contract, or any other account, can be accepted as earnest-money.

(6) *No restrictions or conditions should be entered* in tenders.

(7) Rates entered in tenders are to be specified in words as well as in figures, and the "amount" column must also be filled up. Rates should be quoted at so much per "pound," "gallon" or other denomination shown in the schedule, and fractional parts of pies in rates will not be accepted.

(8) No erasures, interlineations, or alterations will be allowed unless initialled by the tenderer.

(9) *Tenderers are warned that applications should on no account be made for correction or alteration of rates once tendered on grounds such as "clerical error," "in haste," "wrong calculation," "failure to see correct sample," "not quite understanding the requirement," etc. Should they come forward with any such plea, their schedule will be rejected altogether and will not be considered.*

(10) In the event of the party whose tender is accepted failing to take it up, his earnest-money will be forfeited to Government.

(11) Part as tendering are particularly requested to give their *address in full.*

(12) Samples of articles, of which patterns are kept, can be seen at the Government Medical Stores, Mint Buildings, Madras, and contractors should invariably inspect them before tendering, and all articles supplied must invariably be of the same quality as the sample.

(13) Contracts must not be sublet.

(14) Government promissory notes lodged as earnest-money or security deposit *shall not be endorsed over to the Medical Store-keeper to Government, Madras*, but shall remain in the name of the depositor. Government may appropriate or cancel the notes, authority to that effect being duly entered in the contract or other document executed by the depositor.

(15) With reference to the stipulations in the preceding paragraph (No. 14), the tenderer must attach a certificate to his schedule, or schedules, to the following effect:—

"I, the tenderer, agree to have the earnest-money, if in Government promissory notes, confiscated to Government in case of my failure to undertake the contract."

(16) *The tender for each item will be considered separately.*

(17) Tenders which do not comply with the above conditions will be rejected.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M. and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 41·20 inches, the average due for the same period being 20·22 inches

There were twelve calm hours during the month. The resultant corresponding to the above numbers is represented by a W. by S. wind, blowing with a uniform daily velocity of 60 miles

About the end of August the pressure distribution over the Bay and the Peninsula underwent large and important changes, so that on the morning of the 1st September a north-east monsoon type of distribution prevailed over these areas. The chief feature of the distribution was the extensive low pressure area in the west of the Bay, the centre being about the latitude of Madras. This was effective in directing the Bay monsoon on to the East Coast, where north-easterly to north-westerly winds were blowing with heavy rain in places. The storm moved slowly in a north-westerly direction and the centre crossed the coast on the morning of the 5th It was at no time very deep, nor was it accompanied by very strong winds; but it gave general and in places very heavy rain over the whole of the Presidency. Maximum temperatures at certain stations on the Madras coast and in the Ceded districts were occasionally as much as 16° below normal while the depression was moving towards the coast. The storm continued to influence the weather of the Presidency till the end of the first week. During the rest of the month more normal conditions prevailed, but temperature was lower and winds stronger than usual till nearly the end of the month.

Thunderstorms were recorded on nine days, distant thunderstorms on three other days and distant lightning on three other days. The rainfall during the month was at Madras nearly double the normal amount.
